[7/2017]

(3) Without limiting the ways in which a defendant may satisfy the requirements of subsection (2)(b), a defendant satisfies those requirements if it is proved, on a balance of probabilities, that the commission of the offence occurred when the defendant was not the owner of the land in question and that the commission of the offence was due to the act or default of another person.

[7/2017]

(4) An owner of any land may be proceeded against and convicted under a provision pursuant to this section whether or not the tenant or contractor (as the case may be) of the owner has been proceeded against or been convicted under that provision.

[7/2017]

Applications determined with reference to Master Plan, etc.

14.—(1) Subject to subsection (2), in determining an application for written permission, the competent authority must act in conformity with the provisions of the Master Plan and any Certified Interpretation Plan insofar as they may be relevant.

(2) Where the Minister approves, either in relation to a particular application or a class of applications (as the case may be), the competent authority need not act in accordance with subsection (1) in any of the following circumstances:

- (a) the land to which the application relates (called in this subsection the relevant land) is or will be required for any public purpose or for the provision of any utility services or infrastructural, social or transportation facility;

(5) A final permission granted under subsection (4) is deemed to be a written permission granted under section 14.

Outline permission

18.—(1) An applicant for planning permission or conservation permission may if the applicant so desires apply in the first instance for outline permission in the manner prescribed.

(2) An application for outline permission must be determined on the same basis as an application for planning permission or conservation permission except that the competent authority is to have regard only to matters relating to land use, intensity, type, form and height of the proposed development or works.

(3) Outline permission constitutes approval in principle for the proposed development or works, but does not authorise the carrying out of that development or works or any other development or works.

(4) Any grant of outline permission lapses 6 months following the date of its granting unless a longer period is specified in the outline permission or the competent authority otherwise directs in writing.

(5) Where subsequent to the grant of outline permission an application for planning permission or conservation permission is made during the validity period of the outline permission, the application is to be determined on the basis of the further details supplied on that subsequent application.

Power to require as-built plans

20A.—(1) Subject to subsection (2), the competent authority may, in respect of any development of any land or any works within a conservation area authorised in a planning permission or conservation permission, require a developer to submit, in such form as the competent authority may require —

- (a) as-built plans of the development or works prepared by a land surveyor in accordance with the requirements specified by the competent authority;
- (b) a declaration by the land surveyor who prepared the as-built plans that the as-built plans have been prepared by the land surveyor in accordance with the requirements mentioned in paragraph (a); and

[7/2017]

Applications referred to Minister

21.—(1) The Minister may give directions to the competent authority requiring that all or any applications under section 13 or any class of applications specified in the direction must be referred to the Minister for determination instead of the competent authority, and every such application must then be so referred to the Minister.

(2) The decision of the Minister on such an application must be communicated to the competent authority, who must grant or refuse written permission in accordance with the decision, and, if written permission is granted, impose such conditions as the Minister may direct and such other conditions as the competent authority thinks fit.

(3) The Minister, in determining any such application, has all the functions of the competent authority under this Act, and references to the competent authority are to be accordingly construed as references to the Minister.

(4) Any decision by the Minister under this section is final, and is not subject to appeal under section 22 or to be challenged or questioned in any court; but any decision by the competent authority to impose conditions other than as directed by the Minister is subject to appeal under section 22 as if the conditions had been imposed by the competent authority under section 14(4).

(5) Where the competent authority intends to develop or to carry out works within a conservation area on any land belonging to the competent authority, the competent authority may be directed by the Minister to provide to the Minister particulars relating to the development or works and the Minister may give such further directions as the Minister considers fit in relation thereto.

(6) Despite section 12, the Minister may authorise, by notification in the *Gazette*, either generally or in relation to any specified area —

[7/2017]

(3) An appeal must be made in the form and manner prescribed and within 60 days of the date of the notification of the decision.

(4) An appeal does not affect the enforceability of any condition imposed or prevent the taking of any action in respect of any unauthorised development of any land or any unauthorised works within a conservation area unless otherwise directed by the Minister in any particular case.

[7/2017]

(5) Where an appeal is brought under this section against a decision of the competent authority, the Minister may dismiss or allow the appeal unconditionally or subject to such conditions as the Minister considers fit.

(6) The decision of the Minister on an appeal must be communicated to the competent authority and the applicant.

(7) Where the competent authority grants written permission in accordance with the decision of the Minister on appeal, the competent authority may, whether the Minister dismisses or allows the appeal unconditionally or subject to conditions, impose such additional conditions as the competent authority thinks fit which must not be inconsistent with the decision of the Minister on appeal.

[7/2017]

(8) Any decision by the competent authority to impose additional conditions under subsection (7) may be appealed against under subsection (1) as if the conditions were imposed under section 14(4).

(9) The decision of the Minister is final and is not to be challenged or questioned in any court.

- (a) is refused permission under section 14 to develop that land;
or
- (b) has completed the development of any contiguous land belonging to the owner in accordance with any permission granted by the competent authority under section 14.

(2) The person serving the notice must certify that the person has the consent of every person known to the person to have an interest in the land.

- (a) the specific public purpose for which the land is allocated;
- (b) any written permission granted to the owner of the land to develop it despite the allocation of the land for a public purpose.

(4) The Minister may reject a purchase notice in whole or in part where, in his or her opinion, the land or part thereof —

- (a) is capable of reasonably beneficial use in its existing state;
or
- (b) will not be required for development for a public purpose within 5 years from the date of service of the purchase notice.

(5) Where, and to the extent that, he or she does not reject a purchase notice, the Minister must declare that the land referred to in the purchase notice or any part thereof is needed for a public purpose and may order proceedings to be taken for —

- (a) obtaining possession of the land or part thereof for the State, the competent authority or any public authority; and

(b) determining compensation to be paid to any person or persons interested therein.

(6) Such compensation is to be assessed in the manner and according to the principles laid down in any written law for the time being in force relating to the acquisition of land for a public purpose, but account must be taken of any such written permission for development granted as mentioned in subsection (3)(b).

(7) For the purposes of this section, the allocation of land in the Master Plan as being within —

- (a) a green belt; or
- (b) a conservation area,

does not constitute an allocation for development for a public purpose.

ENFORCEMENT

Power to require information about activities on land

25.—(1) Where it appears to the competent authority that there may have been a breach of planning control in respect of any land, the competent authority may serve an information notice on any person who —

- (a) is an owner or occupier of the land or has any other interest in the land; or
- (b) is carrying out operations on the land or is using the land for any purpose.

(2) An information notice may require the person on whom it is served to give such information as may be specified in the notice relating to —

- (a) any operations being carried out on the land, any use of the land and any other activities being carried out on the land; and
- (b) any matter relating to the conditions subject to which any planning permission or conservation permission in respect of the land has been granted.

(3) In particular, an information notice may require the person on whom it is served —

- (a) to state whether or not the land is being used for any purpose specified in the notice or any operations or activities specified in the notice are being or have been carried out on the land;
- (b) to state when any use, operations or activities began;
- (c) to give the name and address of any person known to the person to use or have used the land for any purpose, or to be carrying out or have carried out any operations or activities on the land;

- (e) to state the nature of the person's interest (if any) in the land and the name and address of any other person known to the person to have an interest in the land.

(4) An information notice must be complied with by giving the required information in writing to the competent authority.

(5) The service of an information notice does not affect any other power exercisable in respect of any breach of planning control.

(6) In this section, any reference to operations or activities on land includes a reference to operations or activities in, under or over the land, and includes works in a conservation area.

Penalties for non-compliance with information notice

26.—(1) If the person on whom an information notice is served does not comply with the notice at the end of 21 days from the day the notice was served on the person, the person shall be guilty of an offence.

(2) It is a defence for a person charged with an offence under subsection (1) to prove that the person did not know, and could not with reasonable diligence have ascertained, the information required in the information notice.

(3) If any person —

- (a) makes any statement purporting to comply with a requirement of an information notice which the person knows to be false or misleading in a material particular; or
- (b) recklessly makes such a statement which is false or misleading in a material particular,

the person shall be guilty of an offence.

(4) Any person who is guilty of an offence under this section shall be liable on conviction to a fine not exceeding \$5,000 or to imprisonment for a term not exceeding 6 months or to both.

Power to examine and secure attendance, etc.

26A.—(1) Where it appears to the competent authority that there may have been a breach of planning control in respect of any land, the competent authority may do all or any of the following:

[7/2017]

(2) A person is not excused from making an oral statement under subsection (1)(a) on the ground that the statement might tend to incriminate the person but, where the person claims before making the statement that the statement might tend to incriminate the person, that statement is not admissible in evidence against that person in criminal proceedings other than proceedings for an offence under subsection (4)(c) or (d).

[7/2017]

(3) A statement made by any person examined under this section must —

- (a) be in writing;
- (b) be read over to the person;
- (c) if the person does not understand English, be interpreted in a language that the person understands; and
- (d) after correction (if necessary) be signed by the person.

[7/2017]

[7/2017]

Authority to enter upon land

27.—(1) The competent authority may, with such assistants and workmen as are necessary, at any reasonable time, enter any land for the purpose of —

- (a) ascertaining whether there is, or has been, a contravention of this Act;
- (b) ascertaining whether any of the functions conferred by this Act on the competent authority or the Minister should or may be exercised; or
- (c) taking any action or carrying out any work authorised or required by or under this Act.

[17/2005]

(2) If entry to any land for the purposes of subsection (1)(a) cannot be obtained, the competent authority may —

- (a) where the competent authority has reasonable cause to believe that evidence of a contravention of this Act can be found on the land;
- (b) after declaring his or her office and producing his or her identification card where a demand is made for him or her to do so;
- (c) with such force as is necessary to obtain entry; and
- (d) with such assistants and workmen as are necessary,

break open any outer or inner door or window on the land, forcibly enter the land and every part of the land, or remove by force any obstruction to such entry.

[7/2017]

(3) The competent authority may take photographs, or audio or video recordings of the land and any property or material found thereon and such other steps as the competent authority may consider necessary without involving any search or seizure of any premises, thing or person.

[7/2017]

(4) The occupier of any premises must, if required by the competent authority —

- (a) give his or her name and address;
- (b) provide proof of his or her identity; and
- (c) give the name and address of the owner of the premises, if known.

(5) Any person who wilfully obstructs the competent authority in the performance of any matter or thing which the competent authority is authorised to do by this section or fails to comply with the requirement under subsection (4) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$5,000 or to imprisonment for a term not exceeding 6 months or to both.

(6) A police officer may arrest without warrant any person who has committed or whom the police officer reasonably suspects to have committed an offence under subsection (5) if —

- (a) the person declines to give his or her name and address; or
- (b) there is reason to doubt the accuracy of the name and address, if given.

(7) A person arrested under this section may be detained until his or her name and address are correctly ascertained except that no person so arrested may be detained longer than is permitted by written law and is necessary for bringing the person before a court unless the order of a court for the person's detention is obtained.

Enforcement notices

28.—(1) The competent authority may issue an enforcement notice where it appears to the competent authority that there has been a breach of planning control.

(2) An enforcement notice must specify the steps the competent authority requires to be taken, or the activities on or the use of the land the competent authority requires to cease, in order to remedy (wholly or partly) the breach of planning control or to remedy any injury to any amenities caused by the breach.

(3) An enforcement notice may, in particular, require —

- (a) the alteration, demolition or removal of any building or works;
- (b) the carrying out of any building or other operations;
- (c) the cessation, either wholly or to the extent specified in the notice, of any activity on or use of the land; or
- (d) the removal from the land of all property and materials used in connection with the breach of planning control.

(4) Where the enforcement notice relates to unauthorised works in a conservation area, the notice may also include —

- (a) a requirement to restore any building on the land to its former state;
- (b) if the competent authority considers that such restoration is not reasonably practicable or undesirable, a requirement to execute such works as the competent authority may specify in the notice to alleviate the effect of the unauthorised works; or
- (c) a requirement to bring any building to the state in which it would have been if the terms and conditions of any conservation permission granted in respect of the building had been complied with.

(5) An enforcement notice must specify —

- (a) the date on which it is to take effect, which must not be less than 14 days from the date of service of the notice; and
- (b) the period (which runs from the date the enforcement notice takes effect) within which any step required by the notice must be taken or any activity on or the use of the land required by the notice to cease must cease.

(6) A copy of an enforcement notice may be served on any one or more of the following:

- (a) any owner of the land to which it relates;
- (b) any occupier of that land;
- (c) any other person who appears to the competent authority to have been responsible for or participated in the breach of planning control.

(7) An enforcement notice continues to have effect until and to the extent that the notice is —

- (a) superseded by a grant of planning permission or conservation permission under section 14;
- (b) superseded by a notification under section 21(6); or
- (c) withdrawn by the competent authority.

(8) Compliance with the requirements of an enforcement notice, whether in respect of —

- (a) the completion, demolition, removal or alteration of any building or works; or
- (b) the discontinuance of any activity on or use of the land,

or in any other manner, does not discharge the notice.

(9) Except by way of an appeal to the Minister under section 29, the validity of an enforcement notice is not to be questioned in any court or proceedings whatsoever.

Appeal to Minister against enforcement notice

29.—(1) Any person aggrieved by any requirement of an enforcement notice may, at any time before the notice takes effect, appeal to the Minister in the form and manner prescribed.

(2) Where an appeal is made under this section, the Minister may —

- (a) correct any defect, error or misdescription in the enforcement notice or vary its requirements;

- (b) extend, subject to such conditions as the Minister considers fit, the period specified in the enforcement notice within which any requirement therein is to be complied;
- (c) dismiss the appeal;
- (d) allow the appeal unconditionally; or
- (e) allow the appeal in whole or in part, and subject to such conditions as the Minister considers fit,

and the Minister may give such directions as the Minister thinks necessary to give effect to his or her decision on the appeal.

(3) Without prejudice to the general power of the Minister to impose conditions or give directions under subsection (2), the Minister may require that such security as he or she may think necessary be provided to the competent authority and specify the circumstances in which the security may be forfeited by the competent authority.

(4) The decision of the Minister under subsections (2) and (3) is final.

(5) When an appeal is made to the Minister under this section, the enforcement notice is, unless the Minister at any time otherwise directs, of no effect pending the determination or withdrawal of the appeal.

(6) Except where the Minister decides to allow an appeal unconditionally, the enforcement notice takes effect from the date the appellant is given notice of the decision of the Minister.

(7) Any forfeiture by the competent authority of any security provided under this section does not prejudice the institution of proceedings against any person for any offence under this Act.

Offences of non-compliance with enforcement notice

30.—(1) Where there has been a failure to comply with any requirement of an enforcement notice in relation to any land, the person who is served with the enforcement notice shall be guilty of an offence.

- (2) Any person who —
- (a) uses land in contravention of the enforcement notice after the requirements in the notice have been complied with; or
 - (b) carries out any works by way of reinstating or restoring buildings or works which have been demolished or altered in compliance with the requirements in an enforcement notice,

shall, despite the earlier compliance with the notice, be guilty of an offence.

(3) A person guilty of an offence under this section shall be liable on conviction —

- (a) to a fine not exceeding \$200,000 or to imprisonment for a term not exceeding 12 months or to both; and
- (b) in the case of a continuing offence, to a further fine not exceeding \$10,000 for every day or part of a day during which the offence continues after conviction.

Execution and costs of works required by enforcement notice, etc.

- 31.—**(1) Where —
- (a) any requirement of an enforcement notice or an order under section 12(8) is not complied with within the period allowed by the notice or order, as the case may be;
 - (b) any land is used in contravention of an enforcement notice after the requirements in the notice have been complied with; or
 - (c) any works have been carried out by way of reinstating or restoring buildings or works which have been demolished or altered in compliance with the requirements of an enforcement notice,

the competent authority may, with such assistants and workmen as are necessary, at any time enter the land and take any steps which are in the competent authority's opinion necessary to secure compliance

with the notice or order (as the case may be), including removing, detaining and disposing of any property or materials on the land.

[17/2005]

(2) The costs or expenses incurred, directly or indirectly, by the competent authority in exercise of the powers conferred by subsection (1) are recoverable as a civil debt from any person served with the enforcement notice or order under section 12(8) (as the case may be) less such sums which are recoverable under section 32.

(3) The certificate of the competent authority stating the amounts of costs and expenses recoverable under subsection (2) is conclusive evidence of such amounts.

(4) The sums stated in the certificate of the competent authority under subsection (3) are to be secured as a first charge against the land and, subject and without prejudice to any other rights of the Government, prevail over all other estates and interests whenever created despite the provisions of any other written law relating to the registration of any interest or encumbrance over land.

Removal and sale of property and materials

32.—(1) Any property or materials removed and detained by the competent authority in the exercise of the competent authority's powers under section 31 may be sold or otherwise disposed of unless a claim is made by the person to whom the property or materials belong within 2 weeks of the removal, in which case the property or materials may, subject to subsection (2), be returned to the person to whom they belong on such terms and conditions as the competent authority may impose.

(2) Any property or materials which have been removed and detained by the competent authority under section 31 must not be returned to the person to whom they belong except upon the person having paid all the expenses incurred, directly or indirectly, by the competent authority in removing and detaining the property or materials or such part of those expenses as the competent authority determines.

(3) Where the competent authority sells any property or materials under subsection (1), the competent authority is entitled to deduct from the proceeds of the sale all or any of the costs and expenses incurred, directly or indirectly, by the competent authority in respect of the removal, detention and sale of the property or materials and the balance (if any) must be paid on demand to the person to whom the property or materials belong.

(4) Any proceeds of sale of property or materials under this section not claimed within 2 years of the sale must be paid into the Consolidated Fund.

Injunctions

33.—(1) Where the competent authority considers it necessary or expedient for any actual or apprehended breach of this Act to be restrained by injunction, the competent authority may apply to the General Division of the High Court for an injunction, whether or not the competent authority has exercised or is proposing to exercise any of the competent authority's other powers under this Part.

[40/2019]

(2) On an application under subsection (1), the General Division of the High Court need not require from the competent authority any undertaking in damages.

[40/2019]

(3) On an application under subsection (1), the General Division of the High Court may grant such an injunction as the General Division of the High Court thinks appropriate for the purpose of restraining the breach.

[40/2019]

Civil penalties

34.—(1) The competent authority may require a person to pay a penalty for the grant of any written permission for —

(a) any development of land;

(b) any works within a conservation area; or

(c) any subdivision of land,

in respect of which there appears to the competent authority that an offence has been committed, whether or not proceedings have been instituted against any person for an offence under section 12.

(2) Such a penalty must not exceed the lower of the following:

(a) 50 times the fee prescribed for an application for planning permission, conservation permission or subdivision permission, as the case may be;

(b) \$150,000.

(3) The certificate of the competent authority as to the penalty to be imposed under this section is conclusive of the amount.

(4) No further proceedings are to be instituted or taken against any person for an offence under section 12 once the penalty has been paid.

PART 5

DEVELOPMENT CHARGES

Principles of development charge

35.—(1) Subject to the provisions of this Act, there must be paid to the competent authority a tax known as a development charge in respect of every development of land authorised by any planning or conservation permission, except where the planning permission or conservation permission is granted for a specified period of 10 years or less.

[30/2003]

(2) Subject to section 39, any development charge payable in respect of any development of land is the difference between the Development Baseline and the Development Ceiling for that land.

(3) Development Baseline and Development Ceiling have the meanings given to them in section 36 and must be calculated in accordance with the prescribed method and rates.

Development Baseline and Development Ceiling

36.—(1) Subject to this section, the Development Baseline for any land is the value of any authorised development of that land which satisfies any one or more of the following criteria:

- (a) development charge, where payable in respect of the authorised development, has been paid;
- (b) no development charge is payable in respect of the authorised development by reason of any exemption or remission under this Act or the repealed Act;
- (c) development charge is not payable in respect of the authorised development under the written law in force when the development was authorised.

[30/2003]

(2) The value of any development of land referred to in subsection (1) is to be calculated in accordance with the prescribed methods and rates.

[30/2003]

(3) Despite subsection (1), any development of land, being a development in respect of which no development charge is payable by reason of any exemption or remission under this Act or the repealed Act, is to be disregarded for the purpose of determining the Development Baseline for the land if —

- (a) any term of the exemption or remission provides that the development is to be disregarded for that purpose;
- (b) any term of the exemption or remission has ceased to be or is not complied with; or
- (c) the development relates to one single dwelling house on the land and the proposed development is to develop the land for a use other than as land with only one single dwelling house on it.

[30/2003; 7/2017]

(4) Despite subsection (1), any development of land for use as a hotel or part of a hotel authorised by the grant of written permission by the competent authority under the repealed Act between 18 April 1968 and 31 December 1969 (both dates inclusive) on any prescribed land is to be disregarded for the purpose of determining the Development Baseline for the land if —

- (a) the use of the development as a hotel or part of a hotel has ceased; or
- (b) the application for planning permission or conservation permission being considered by the competent authority for the land is for development of the land for a use other than as a hotel.

[30/2003]

(5) Despite subsections (1) to (4), where the Development Baseline for any land cannot be ascertained in accordance with those subsections, the Development Baseline for the land is deemed to be the value of the last authorised development of the land before the material date.

[30/2003]

(6) Despite subsections (1) to (5), where the Development Baseline for any land cannot be ascertained in accordance with those subsections, the competent authority may, with the prior approval of the Minister, assign the Development Baseline for that land.

[30/2003]

(7) The Development Ceiling for any land is the total of the following when calculated in accordance with the prescribed method and rates:

- (a) the value of the authorised development of the land to be retained;
- (b) the value of the development of the land to be authorised by the written permission.

[30/2003]

(8) Despite anything in this Act, in determining both the Development Baseline and Development Ceiling for any land, any

development of that land authorised by a written permission granted for a specified period not exceeding 10 years is to be disregarded.

[30/2003]

(9) For the purposes of subsection (8) —

- (a) the fact that the period specified for a written permission granted for a development may be extended by the competent authority is not to be taken into consideration in determining whether the written permission is granted for a specified period not exceeding 10 years; and
- (b) where the competent authority extends the period for which a written permission is granted for a development, the extension is deemed to be a separate written permission granted for the period of the extension specified by the competent authority.

[30/2003]

(10) In this section, unless the context otherwise requires —

“authorised”, in relation to any development of land, means any development of that land —

- (a) authorised under this Act or the repealed Act; or
- (b) effected or carried out pursuant to any written approval granted under any written law before 1 February 1960;

“material date” means the date on which an application for planning permission or conservation permission is made.

[30/2003]

Liability to pay development charge

37.—(1) Subject to subsection (5), the development charge (whether under an interim or final order) may, in the discretion of the competent authority, be levied on —

- (a) the owner of the land with respect to which the planning permission or conservation permission is granted; or
- (b) the person who applied for the relevant planning permission or conservation permission.

(2) Subject to subsection (3), the liability of the person on whom the development charge is levied continues despite any change in ownership of the land.

[7/2017]

(3) Where a person's liability to pay development charge is deferred under the rules made under section 40(d), the person may obtain the Minister's written approval for the person's liability to end upon a change in ownership of the land.

[7/2017]

(4) Despite section 13(5), the competent authority must not grant any planning permission or conservation permission until the estimated amount of development charge payable under an interim order under section 38(2) is either paid or secured to the satisfaction of the competent authority.

(5) Any outstanding amount of development charge is to be secured as a first charge against the land to which the relevant permission relates, and, subject to any other rights of the Government, prevails over all other estates and interests whenever created despite the provisions of any other written law relating to the registration of any interest or encumbrance over land.

Procedure for determination and payment of development charge

38.—(1) The competent authority must determine whether a development charge is payable in respect of any proposed development of land and, if payable, the amount thereof.

(2) The competent authority may in the first instance estimate the amount of development charge payable in respect of any proposed development of land and issue an interim order requiring the payment of the estimated amount.

(3) The competent authority must serve a copy of the interim order on the person liable for the payment of the development charge in accordance with section 37.

(4) Where an interim order is issued under subsection (2) in respect of any proposed development of land, the competent authority must, within 12 months from the date of the grant of the planning

permission or conservation permission for that proposed development, determine the actual amount of development charge payable and make a final order.

(5) If no final order is made at the end of the period allowed under subsection (4), the estimated amount is deemed to be the actual amount of development charge payable in respect of the proposed development and the interim order is deemed to be a final order.

(6) Any additional development charge payable under a final order issued under subsection (4) must be paid within such time as the competent authority may specify in the final order.

(7) Where a final order issued under subsection (4) is for an amount lower than the amount in the interim order relating to the same proposed development, the competent authority must refund the excess without interest to the person who paid the estimated amount under the interim order.

Alternative basis for determination of development charge

39.—(1) The Minister may limit the application of this section to proposed developments in respect of which the estimated amount of development charge payable under an interim order issued under section 38(2) exceeds a prescribed sum.

(2) Any person who is dissatisfied with the estimated amount of any development charge specified in an interim order issued under section 38(2) may, within 14 days of the interim order being served on the person in accordance with section 38(3), in writing request the competent authority to determine the development charge in accordance with this section.

(3) Where any person makes a request under subsection (2) in respect of any proposed development of any land, the development charge payable for any planning permission or conservation permission in respect of the proposed development is a prescribed percentage of any appreciation in the value of the land arising from the grant of the relevant permission to develop the land.

(4) For the purposes of this section, the Chief Valuer or such other person as the Minister may appoint is to determine the amount of appreciation (if any) in the value of the land.

(5) The competent authority may by an interim order require the payment of an estimated amount of development charge to be determined in accordance with this section and the provisions of section 38(2) and (3) apply, with the necessary modifications, to an interim order under this subsection.

(6) Where an interim order is issued under subsection (5) in respect of any proposed development of land, the competent authority must, within 12 months from the date of the grant of planning permission or conservation permission for that proposed development, determine the actual amount of development charge payable in accordance with this section and make a final order; and the provisions of section 38(5) to (7) apply, with the necessary modifications, to such interim order and final order.

(7) Where a person liable to pay any development charge under this section is dissatisfied with —

(a) the interim order under subsection (5);

(b) the final order under subsection (6); or

(c) the interim order deemed final pursuant to subsection (6),

the person may, within 30 days of the interim order or the final order under this section, or if no final order is made, after the expiry of the time allowed under subsection (6) for a final order to be made, appeal to the Minister whose decision is final.

(8) A person who appeals to the Minister against an interim order under this section may nevertheless pay the estimated development charge under the interim order pending the outcome of the person's appeal and, upon the grant of the relevant written permission, may proceed with the development or works, but such payment is without prejudice to the person's appeal.

(9) No person may appeal under subsection (7) unless the person has paid the prescribed fee for the appeal.

Remission of development charge

39A. The Minister may, in his or her discretion and subject to such terms and conditions as he or she may determine, remit, wholly or in part, the development charge payable by any person if the Minister is satisfied that it is just and equitable to do so.

[30/2003]

Power to make rules relating to development charge

40. The Minister may make rules for giving effect to this Part and for any matter which is required under this Part to be prescribed and, in particular, for or with respect to all or any of the following matters:

- (a) the different rates and methods of calculation of development charge;
- (b) exempting any particular development or class of developments from being the subject of any development charge;
- (c) the procedure for an application to the competent authority to determine the amount of any development charge;
- (d) the deferment of liability to pay development charge;
- (e) the refund, wholly or in part, of the development charge paid by any person.

PART 5A**TEMPORARY DEVELOPMENT LEVY****Temporary development levy**

40A.—(1) Subject to the provisions of this Part, there must be paid to the competent authority a tax known as a temporary development levy in respect of every development of land authorised by any planning permission or conservation permission granted for a specified period of 10 years or less.

[30/2003]

(2) Subject to subsection (3), the temporary development levy is payable only if the Development Ceiling for the land exceeds the Development Baseline.

[30/2003]

(3) The temporary development levy payable is to be calculated in accordance with the prescribed methods and rates.

[30/2003]

(4) For the purposes of this section, where the competent authority extends the period for which a planning permission or conservation permission mentioned in subsection (1) is granted, the extension is deemed to be a separate planning permission or conservation permission for the period of the extension specified by the competent authority.

[30/2003]

(5) In this Part —

“Development Baseline” has the meaning given by Part 5;

“Development Ceiling” has the meaning given by Part 5 except that the development mentioned in section 36(7)(b) is, despite any provision to the contrary in section 36, deemed to refer to the development of the land to be authorised by a temporary permission;

“temporary permission” means a planning permission or conservation permission granted for a specified period of 10 years or less.

[30/2003]

Liability to pay temporary development levy

40B.—(1) The competent authority must determine whether a temporary development levy is payable in respect of any proposed development of land to be authorised by a temporary permission and, if payable, the amount thereof.

[30/2003]

(2) The competent authority must issue and serve a notice requiring the payment of the amount of temporary development levy on the person liable for the payment in accordance with subsection (3).

[30/2003]

(3) The competent authority may, in the competent authority's discretion, impose the temporary development levy on —

(a) the owner of the land with respect to which a temporary permission is to be granted; or

(b) the person who applied for the temporary permission.

[30/2003]

(4) The liability of the person on whom the temporary development levy is imposed continues despite any change in ownership of the land.

[30/2003]

(5) Despite section 13(5), the competent authority must not grant any temporary permission until the temporary development levy payable under a notice under subsection (2) is paid to the competent authority.

[30/2003]

(6) Despite the provisions of any other written law relating to the registration of any interest or encumbrance over land, any outstanding amount of temporary development levy is to be secured as a first charge against the land to which the temporary permission relates and, subject to any other rights of the Government, prevails over all other estates and interests whenever created.

[30/2003]

Remission of temporary development levy

40C. The Minister may, in his or her discretion and subject to such terms and conditions as he or she may determine, remit, wholly or in part, the temporary development levy payable by any person if the Minister is satisfied that it is just and equitable to do so.

[30/2003]

Power to make rules relating to temporary development levy

40D. The Minister may make rules to give effect to this Part and for any matter which is required under this Part to be prescribed and, in particular, for or with respect to all or any of the following matters:

(a) the different rates and methods of calculation of the temporary development levy;

- (b) exempting any particular development or class of developments from being the subject of any temporary development levy;
- (c) the deferment of liability to pay any temporary development levy;
- (d) the refund, wholly or in part, of the temporary development levy paid by any person.

[30/2003]

PART 6

RECOVERY OF MONEYS

Recovery of money

41.—(1) Any sum payable to the competent authority under this Act may be recoverable by the competent authority by action as a civil debt.

(2) No proceedings for the recovery of any money payable under this Act are to be quashed or set aside in any court for want of form or procedure.

Proceedings for recovery of money due

42.—(1) Unless otherwise expressly provided in this Act, the competent authority has and may exercise the following additional powers for the purpose of recovering any money due under this Act:

- (a) the competent authority may issue a warrant of attachment and may seize by virtue thereof any movable property and crops of any person liable to pay any sum due, and may, after service of the prescribed notice, sell the same by public auction or in such manner as may be prescribed;
- (b) the competent authority may, by notice of sale to be served or published in the prescribed manner, declare the competent authority's intention of selling, at the expiry of 3 months from the date of the notice of sale, any land belonging to the person from whom any sum is due and, if at the expiry of that period, that sum has not been paid or

satisfied, the competent authority may sell, by public auction or otherwise, the whole of that land or such portion thereof or such interest therein as the competent authority considers sufficient for the recovery of that sum and costs.

(2) Despite subsection (1), the competent authority must not proceed under subsection (1)(b) and sell the land of any person from whom any sum is due, or any portion thereof or interest therein, where there is upon the land and liable to be seized and sold under subsection (1)(a) movable property or crops belonging to that person of a value estimated by the competent authority to be sufficient to realise the sum required to satisfy the money due and costs.

(3) Any tenant, subtenant or occupier (called in this subsection the relevant person) who, in order to avoid the seizure or sale of the land for non-payment of any sum due from the owner of the land, pays that sum and costs may thereafter, in the absence of any written agreement to the contrary, deduct the amount so paid by the relevant person from the rent due or to become due by the relevant person to the relevant person's immediate landlord on account of the land or such part thereof as is held or occupied by the relevant person, and may retain possession thereof until that amount has been fully reimbursed to the relevant person whether by deduction from the rent or otherwise.

(4) Any tenant or subtenant (*A*) who has reimbursed, whether by allowing a deduction from the rent or otherwise, any subtenant or occupier (*B*) holding or occupying under *A* the amount so paid by *B* has a similar right to retain possession until similarly reimbursed.

(5) The receipt of the competent authority or of any duly authorised officer for any amount so paid by any such tenant, subtenant or occupier is deemed to be an acquittance in full for the like amount of the rent.

(6) If any land belonging to a person from whom any sum is due, or any movable property or crops that are mentioned in subsection (1)(a) or the proceeds of sale of that movable property or crops, is or are already in the custody of the law under any process of execution whereby the competent authority is unable to exercise the powers vested in the competent authority by this section, the competent authority may notify the sheriff or the bailiff of the court concerned of

the amount due, and the competent authority is entitled, without obtaining judgment, to be paid that amount out of the proceeds of sale of the land, movable property or crops in priority to the judgment debtor and to the judgment creditor and to any other creditor, except the Government.

(7) A certificate from the competent authority is conclusive evidence of the amount of any sum that may be due.

Attachment

43.—(1) The attachment mentioned in section 42(1)(a) may be made by a person appointed for the purpose by the competent authority and that person must publicly notify the attachment in the prescribed manner and must take an inventory of the property attached.

(2) For the purpose of effecting the attachment, the person appointed under subsection (1) may break into any house or building in the day time.

(3) The person appointed under subsection (1) is deemed to be a public servant within the meaning of the Penal Code 1871.

44.—(1) The proceeds of a sale under section 42(1) must be applied first in satisfaction of the sum due together with interest thereon at the rate of 9% per annum and costs.

(2) In the event of there being any surplus remaining, the competent authority must —

(a) if satisfied as to the right of any person claiming the surplus, pay the surplus to that person; or

(b) if not so satisfied, hold the surplus in trust for the person who ultimately succeeds in due course of law in establishing the person's title thereto.

(3) If no title is established to that surplus at the end of 5 years after the date of the sale under section 42(1), the surplus must be paid into the Consolidated Fund.

Title conferred upon purchaser at a sale under section 42

45.—(1) The purchaser at a sale under section 42(1)(b) is deemed to have acquired the right or property offered for sale free from all encumbrances created over it and from all subordinate interests derived from it, except such as are expressly reserved by the competent authority at the time of the sale.

(2) The competent authority must, by notification in the *Gazette*, notify the result of the sale and the conveyance or transfer to the purchaser of the right or property offered for sale.

Costs of proceedings for recovery of sum due

46. All costs and expenses incurred in the recovery of any sum due under this Act may be recovered as if they formed part of the sum due.

Power to stop sale

47. If any person, having any interest in any land liable to be sold at any time before the sale, tenders to the competent authority the sum due with interest and costs, the competent authority must then desist from all further proceedings in respect thereof.

Application to court

48.—(1) If any person whose movable property, crops or land has been attached or offered for sale under section 42 or 43 disputes the attachment or sale, the person may apply to the General Division of the High Court or, when the sum due does not exceed \$1,000, to a District Court for an order to stay the proceedings.

[40/2019]

(2) After hearing the competent authority and after making such further inquiry as is necessary, the court is to make such order as it thinks fit.

Security to be given

49. No application is to be entertained by the court under section 48 unless the applicant has deposited in court the amount of the sum due and costs or has given security for that sum to the satisfaction of the court.
