PART 1

PRELIMINARY

Short title

1. This Act is the Endangered Species (Import and Export) Act 2006.

Interpretation

2.—(1) In this Act, unless the context otherwise requires —

“advertise”, in relation to a scheduled species, means to describe, make reference to or allude in any way, by any means or in any form, to that scheduled species —

(a) whether directly or indirectly;

- (b) whether orally, in writing in any language, diagrammatically, pictorially, by the use of symbols or photographs, or in any combination thereof; and
- (c) whether by the common name or the scientific name of that scheduled species or otherwise;

“animal” means any member of the Animal Kingdom, and includes —

- (a) any mammal (other than man), bird, reptile, amphibian, fish, mollusc, arthropod, or other vertebrate or invertebrate, whether alive or dead, and the egg, young or immature form thereof; and
- (b) any readily recognisable part or derivative of an animal;

“authorised officer” means —

- (a) any police officer;
- (b) any officer of customs within the meaning of the Customs Act 1960; or
- (c) any person appointed as an authorised officer by the Director-General under section 3(2);

“Board” means the National Parks Board established by the repealed National Parks Act (Cap. 198A, 1991 Revised Edition) as in force before 1 July 1996 and continued by section 3 of the National Parks Board Act 1996;

“CITES” means the Convention on International Trade in Endangered Species of Wild Fauna and Flora signed in Washington, D. C., on 3 March 1973, and any amendment to, or substitution of, the Convention that is binding on Singapore;

“conveyance” includes any vessel, aircraft, vehicle or mode of transport;

“Director-General” means the Director-General, Wildlife Trade Control appointed under section 3(1);

- “export” means to take or cause to be taken out of Singapore by land, sea or air any scheduled species other than any scheduled species in transit in Singapore, but does not include re-export;
- “import” means to bring or cause to be brought into Singapore by land, sea or air any scheduled species other than any scheduled species in transit in Singapore;
- “information” includes data, text, images, sound, codes, computer programmes, software and databases;
- “introduction from the sea” means transportation into Singapore of any scheduled species which was taken in the marine environment not under the jurisdiction of any State;
- “owner” includes any person for the time being in charge of any scheduled species and any person for the time being in occupation of any premises;
- “permit” means a permit, licence, certificate or written permission issued by the Director-General under section 7(2) or deemed to be issued under section 30;
- “plant” means any member of the Plant Kingdom, whether live or dead, and any readily recognisable part or derivative of a plant;
- “premises” includes any house, hut, shed, structure, platform, path, bridge, open space, building or enclosure whether roofed or not;
- “readily recognisable part or derivative of a plant” means any substantially complete or part or derivative of a plant, in natural form, preserved, dried or otherwise treated or prepared which may or may not be contained in preparations, and includes —
- (a) seed, stem, leaf, bark, root, log, flower, fruit or pod;
and
 - (b) any thing which is claimed by any person, or which appears from an accompanying document, the packaging, a label or mark or from any other

circumstances, to contain a part or derivative of a plant;

“readily recognisable part or derivative of an animal” means any substantially complete or part or derivative of an animal, in natural form, stuffed, chilled, preserved, dried or otherwise treated or prepared which may or may not be contained in preparations, and includes —

- (a) meat, bones, hide, skin, leather, tusk, horn, antler, gland, feathers, hair, teeth, claws, shell, scales and eggs; and
- (b) any thing which is claimed by any person, or which appears from an accompanying document, the packaging, a label or mark or from any other circumstances, to contain a part or derivative of an animal;

“re-export” means the export of any scheduled species that has previously been imported;

“sale” or “sell” includes barter or exchange;

“sample”, in relation to a scheduled species, means the scheduled species or any part thereof;

“scheduled species” means any animal or plant (including any readily recognisable part or derivative thereof) specified in the Schedule.

[10/2019]

(2) For the purposes of this Act, a scheduled species is considered to be in transit if, and only if, it is brought into Singapore solely for the purpose of taking it out of Singapore and —

- (a) it remains at all times in or on the conveyance in or on which it is brought into Singapore;
- (b) it is removed from the conveyance in or on which it was brought into Singapore and either returned to the same conveyance or transferred directly to another conveyance before being despatched to a place outside Singapore, and is kept under the control of the Director-General or an

authorised officer while being so removed, returned or transferred; or

- (c) it is removed from the conveyance in or on which it was brought into Singapore and kept under the control of the Director-General or an authorised officer for a period not exceeding 14 days, or such longer period as the Director-General may approve, pending despatch to a place outside Singapore.

Appointment of Director-General and authorised officers

3.—(1) The Board is responsible for the administration of this Act, and to that end, the Board must appoint an officer of the Board to be the Director-General, Wildlife Trade Control.

[10/2019]

(2) The Director-General may, subject to the directions of the Board, appoint any of the following persons to be an authorised officer for the purpose of assisting the Director-General in administering and carrying out the provisions of this Act or any other written law which confers powers on the Director-General:

- (a) an employee of the Board;
- (b) an employee of another statutory authority;
- (c) a public officer who is not a police officer or an officer of customs within the meaning of the Customs Act 1960;
- (d) an auxiliary police officer appointed under the Police Force Act 2004.

[10/2019]

(3) The Director-General may delegate the exercise of all or any of the powers conferred or duties imposed upon the Director-General by any provision of this Act or any other written law (except the power of delegation conferred by this subsection) to an authorised officer; and any reference in the provision of this Act or any other written law to the Director-General includes a reference to such an authorised officer.

[10/2019]

(4) Any delegation under subsection (3) may be general or in a particular case and may be subject to such conditions or limitations as set out in this Act or as the Board may specify.

[10/2019]

(5) The Director-General may, for any reason that appears to the Director-General to be sufficient, at any time revoke a person's appointment as an authorised officer.

[10/2019]

(6) A person mentioned in subsection (2)(d) who is appointed as an authorised officer does not, by virtue only of the appointment, become an employee or agent of the Board.

[10/2019]

PART 2

CONTROL OF IMPORT, EXPORT, ETC., OF SCHEDULED SPECIES

Restriction on import, export, etc., of scheduled species

4.—(1) Any person who imports, exports, re-exports or introduces from the sea any scheduled species without a permit shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$50,000 for each such scheduled species (but not to exceed in the aggregate \$500,000) or to imprisonment for a term not exceeding 2 years or to both.

(2) Any person who has in the person's possession or under the person's control, or who sells, offers or exposes or advertises for sale, or displays to the public any scheduled species which has been imported or introduced from the sea in contravention of subsection (1) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$50,000 for each such scheduled species (but not to exceed in the aggregate \$500,000) or to imprisonment for a term not exceeding 2 years or to both.

(3) Any person who sells, offers or exposes or advertises for sale, or displays to the public such scheduled species as the Minister may, by notification in the *Gazette*, specify shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$10,000 for each

such scheduled species (but not to exceed in the aggregate \$100,000) or to imprisonment for a term not exceeding 12 months or to both.

Control of scheduled species in transit

5.—(1) Every scheduled species in transit in Singapore must be accompanied by —

- (a) a valid CITES export or re-export permit, licence, certificate or written permission issued by the competent authority of the country of export or re-export (as the case may be) of the scheduled species; and
- (b) where required by the country of import or final destination of the scheduled species, a valid CITES import permit, licence, certificate or written permission issued by the competent authority of that country or destination.

(2) Any owner, importer, exporter or re-exporter who contravenes subsection (1) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$50,000 for each scheduled species in transit in Singapore in contravention of that subsection (but not to exceed in the aggregate \$500,000) or to imprisonment for a term not exceeding 2 years or to both.

Defence to offence under section 4 or 5

6.—(1) Subject to subsection (2), in any proceedings for an offence under section 4 or 5, it is a defence for the person charged to prove —

- (a) that the commission of the offence was due to the act or default of another person or to some other cause beyond the control of the person charged; and
- (b) that the person charged took all reasonable precautions and exercised all due diligence to avoid the commission of such an offence by the person charged or by any person under the control of the person charged.

(2) If in any case the defence provided by subsection (1) involves the allegation that the commission of the offence was due to the act or default of another person, the person charged is not, without the permission of the court, entitled to rely on that defence unless, within

a period ending 7 clear days before the hearing, the person charged has served on the prosecutor a written notice giving such information as was then in the possession of the person charged identifying or assisting in the identification of that other person.

[Act 25 of 2021 wef 01/04/2022]

Issue of permit

7.—(1) Any person who wishes to import, export, re-export or introduce from the sea any scheduled species may apply to the Director-General, in such form as the Director-General may determine and on payment of the prescribed fee, for a permit.

(2) The Director-General may —

- (a) issue a permit, licence, certificate or written permission to import, export, re-export or introduce from the sea any scheduled species either unconditionally or subject to such conditions or restrictions as the Director-General may impose; or
- (b) refuse to issue such permit, licence, certificate or written permission.

Cancellation of permit

8.—(1) The Director-General may at any time cancel a permit if —

- (a) any condition or restriction of the permit is contravened; or
- (b) the Director-General is satisfied that the permit was issued as a result of a misleading statement or a misrepresentation of a material fact.

(2) Where the Director-General cancels a permit under subsection (1), the Director-General must immediately notify the holder of the permit.

(3) Where the Director-General has notified the holder of a permit under subsection (2) of the cancellation of the holder's permit, the holder of the permit must immediately surrender the permit to the Director-General.

(4) Any holder of a permit who, without reasonable excuse, contravenes subsection (3) shall be guilty of an offence.

PART 3**ENFORCEMENT POWERS AND PROCEEDINGS****Power of inspection**

9. An authorised officer may, for the purpose of ensuring compliance with this Act, do all or any of the following:

- (a) at any reasonable time enter and inspect any premises or conveyance in which the officer reasonably believes there is any item to which this Act applies or any document relating to the administration of this Act;
- (b) open or cause to be opened any door, window, lock, fastener, compartment, box, container or any other thing that the officer reasonably believes contains any such item or document;
- (c) inspect any such item, and take such item or any sample thereof free of charge;
- (d) inspect or copy, in whole or in part, any such document;
- (e) make such examination or inquiry as may be necessary to ascertain whether the provisions of this Act have been complied with;
- (f) exercise such other powers as may be reasonable and necessary for giving effect to the provisions of this Act.

Power to investigate and require information

10.—(1) Where the Director-General has reason to believe that any person has contravened any provision of this Act, the Director-General may investigate the matter and, for the purposes of any such investigation, the Director-General may —

- (a) call upon any authorised officer to make whatever preliminary investigation the Director-General considers necessary;
- (b) require the production for inspection by the Director-General or any authorised officer of any book,

document or paper which may relate to or be connected with the subject matter of the investigation;

- (c) require any person to give all information in relation to any such book, document or paper which may be reasonably required by the Director-General or the authorised officer;
- (d) require any person to furnish any other information as the Director-General or the authorised officer may require; and
- (e) by written order require any person in Singapore whom the Director-General or authorised officer has reason to believe to be acquainted with any fact or circumstance relevant to that purpose to attend before the Director-General or authorised officer to answer any question (to the best of that person's knowledge, information and belief) and to furnish any document or information.

[10/2019]

(2) If the Director-General has reason to suspect that any scheduled species found in any premises or conveyance or in the possession of any person has been imported or introduced from the sea, the Director-General may require any person who has in the person's possession or custody or under the person's control the scheduled species —

- (a) to declare its scientific name; and
- (b) to furnish to the Director-General such other information as the Director-General may require.

(3) The Director-General or an authorised officer may record any information furnished by any person under subsection (1) or (2) as a statement which is admissible as evidence in any proceedings in connection with any offence under this Act.

(4) The person mentioned in subsection (1)(e) is bound to state truly the facts and circumstances with which the person is acquainted concerning the case except only that the person may decline to make, with regard to any fact or circumstance, a statement which would

have a tendency to expose the person to a criminal charge or to penalty or forfeiture.

[10/2019]

(5) A statement made by any person examined under subsection (1)(e) must —

- (a) be reduced to writing;
- (b) be read over to the person;
- (c) if the person does not understand English, be interpreted in a language that the person understands; and
- (d) after correction (if necessary), be signed by the person.

[10/2019]

(6) If any person fails to attend before the Director-General or an authorised officer as required by an order under subsection (1)(e), the Director-General or authorised officer may report the failure to a Magistrate who may issue a warrant to secure the attendance of that person as required by the order.

[10/2019]

Power of entry, search and seizure

11.—(1) An authorised officer may —

- (a) without warrant enter and search any premises and stop, board and search any conveyance in or on which the authorised officer reasonably suspects that there is to be found any scheduled species in contravention of this Act;
- (b) search any person found in such premises or conveyance; and
- (c) seize, remove and detain at the risk of the owner any scheduled species and all other items referred to in subsection (3)(b), (c) and (d) found in such premises or conveyance.

(2) For the purpose of exercising his or her power under this Act, an authorised officer may, with such assistance as he or she thinks necessary, break open any door, window, lock, fastener, compartment, box, container or any other thing.

(3) An authorised officer may seize, remove and detain at the risk of the owner —

- (a) any scheduled species liable to seizure;
- (b) any receptacle in which the scheduled species which is seized is contained, together with any handling or other device used for or in connection with the scheduled species;
- (c) any thing which appears to the authorised officer to be or to contain evidence that an offence under section 4 or 5 has been committed; or
- (d) any food or drink accompanying an animal which is seized, and, in the case of any food or drink so seized which is perishable, the Director-General may cause the same to be sold or otherwise disposed of immediately.

(4) For the purposes of this section, any animal or plant is liable to seizure if an authorised officer has reason to suspect that it is a scheduled species —

- (a) which is being or has been imported, exported, re-exported or introduced from the sea in contravention of section 4(1);
- (b) which is possessed by or under the control of or being sold or offered or exposed or advertised for sale, or being displayed in contravention of section 4(2);
- (c) which is being sold or offered or exposed or advertised for sale, or being displayed in contravention of section 4(3); or
- (d) which is in transit in Singapore in contravention of section 5(1).

Powers ancillary to inspections and searches

12.—(1) For the purpose of carrying out an inspection under section 9 or a search under section 11, an authorised officer may stop a conveyance or direct that it be moved to a place where the inspection or search may be carried out.

(2) Any item (including any sample thereof) taken under section 9, or any animal, plant or item seized under section 11(1)(c) or (3), may be kept or stored in the premises or conveyance where it was taken or seized (as the case may be) or may, at the direction of the Director-General or an authorised officer, be removed to any other place to be kept or stored thereat.

(3) The Director-General or an authorised officer may subject any animal, plant or item referred to in subsection (2) to such examination or analysis as the Director-General or authorised officer may consider necessary for the purposes of the administration of this Act.

(4) No compensation is payable in respect of any animal, plant or item which is damaged or otherwise destroyed by virtue of any examination or analysis under subsection (3), unless the damage or destruction is directly attributable to the negligence or default of the Director-General or the authorised officer.

(5) The Director-General or an authorised officer may mark, seal or label any animal, plant or item referred to in subsection (2) in any manner that the Director-General or authorised officer thinks fit and may lock or seal the premises, conveyance or other place in which it is being kept or stored.

(6) Any person who, without the authority of the Director-General or an authorised officer —

- (a) interferes or tampers with, removes, distributes, sells or otherwise disposes of any animal, plant or item referred to in subsection (2);
- (b) opens, breaks or otherwise tampers with the lock or seal placed by the Director-General or an authorised officer on any premises or conveyance or part thereof under subsection (5); or
- (c) alters, counterfeits, defaces, destroys, erases or removes any mark, seal or label placed by the Director-General or an authorised officer on any animal, plant or item under subsection (5),

shall be guilty of an offence.

Power to require scheduled species to be marked, etc.

13.—(1) The Director-General may require any owner, importer, exporter or re-exporter of scheduled species to brand, label or otherwise mark the scheduled species to the satisfaction of the Director-General.

(2) Despite subsection (1), the Director-General may brand, label or mark any such scheduled species.

(3) Any person who contravenes any requirement of the Director-General under subsection (1) shall be guilty of an offence.

(4) Any person who alters, counterfeits, defaces, destroys, erases or removes any brand, label or mark referred to in subsection (1) or (2) without the prior approval of the Director-General shall be guilty of an offence.

(5) In this section, a reference to the labelling or marking of scheduled species includes a reference to the following:

(a) in the case of a plant —

- (i) the labelling or marking of a container in which the plant is kept or in which the plant is growing; or
- (ii) the placement of a label or tag on the plant; and

(b) in the case of an animal —

- (i) the implantation of a scannable device in the animal;
- (ii) the placement of a band on any part of the animal;
- (iii) the placement (whether by piercing or otherwise) of a tag, tattoo or ring on any part of the animal; or
- (iv) the labelling or marking of a container in which the animal is kept.

Power of arrest

14.—(1) The Director-General or any authorised officer may arrest without warrant any person committing or attempting to commit or whom the Director-General or authorised officer reasonably suspects of being engaged in committing or attempting to commit any offence under this Act.

(2) The Director-General or any authorised officer making an arrest without warrant must, subject to subsection (3), without unnecessary delay bring the person arrested before a Magistrate's Court or a District Court.

(3) No person who has been arrested by the Director-General or any authorised officer is to be released, except on the person's own bond or on bail or on the special order in writing of the Magistrate, the District Judge or the Director-General.

Forfeiture

15.—(1) Upon the conviction of any person for an offence under section 4 or 5, the scheduled species in respect of which the offence was committed and any other thing seized under section 11(3)(b), (c) or (d) are, without further order, forfeited to the Director-General.

(2) Where a person who is prosecuted for an offence under section 4 or 5 is acquitted or given a discharge, conditional or otherwise, the court may order the scheduled species in respect of which the prosecution was brought and any other thing seized under section 11(3)(b), (c) or (d) —

(a) to be released to the person from whom they were seized or to the owner thereof; or

(b) to be forfeited to the Director-General.

(3) Where the owner, importer, exporter or re-exporter of the scheduled species cannot be ascertained or where that person is outside Singapore, the Director-General may forfeit the scheduled species and any other thing seized under this Act.

(4) The Director-General must, before forfeiting any scheduled species or thing under subsection (3), give to the person from whom the scheduled species or thing was seized notice of the Director-General's intention to do so on the expiry of 7 days of the date of the notice.

(5) Where the scheduled species and other things to be forfeited are live animals, the Director-General is not required to give any notice under subsection (4).

(6) All scheduled species and other things which are forfeited to the Director-General under this Act must be disposed of in any manner that the Director-General thinks fit, including repatriation under subsection (10) if the Director-General so decides.

(7) Except as provided in subsection (8), any expenses incurred by the Director-General or any authorised officer for the detention, confiscation, storage, maintenance, housing, repatriation, transport and disposal of any scheduled species must be charged against the owner, importer, exporter or re-exporter (as the case may be) of the scheduled species.

(8) Subject to subsection (10), if any scheduled species enters Singapore by any conveyance contrary to this Act, the owner and the importer of the scheduled species are jointly and severally liable for all expenses incurred by the Director-General or any authorised officer in respect of the detention, confiscation, storage, maintenance, housing, repatriation, transport and disposal of the scheduled species.

(9) If the sum charged under subsection (7) or (8) is not paid by the owner, importer, exporter or re-exporter (as the case may be) within 14 days after demand, that sum may be reported to a Magistrate's Court or a District Court and recovered in the same manner as if it were a fine imposed by a Magistrate's Court or a District Court, as the case may be.

(10) When a decision of repatriation is made under this Act in respect of any scheduled species which has been imported or introduced into Singapore in contravention of this Act, and the scheduled species was brought into Singapore in a conveyance, the owner of the conveyance must, if required in writing by the Director-General, provide or be responsible for —

- (a) free passage for the return of the scheduled species to the place at which the scheduled species was shipped to Singapore, or to any other port or place designated by the Director-General; and
- (b) proper maintenance and housing of the scheduled species during the voyage, flight or journey.

(11) No person is liable under subsection (10) unless the decision of repatriation has been made by the Director-General within —

- (a) 12 months from the date on which the scheduled species was imported or introduced into Singapore; or
- (b) 6 months from the date proceedings for the offence in connection with the import or introduction into Singapore are concluded or from the date the offence is compounded,

whichever is the later.

(12) Any person who contravenes subsection (10) shall be guilty of an offence.

Obstruction

16. Any person who —

- (a) obstructs or impedes the Director-General or any authorised officer in the execution of the Director-General's or authorised officer's duty under this Act; or
- (b) without reasonable excuse, refuses or fails to produce or furnish any book, document, paper or information or render all necessary assistance as may be required or directed by the Director-General or an authorised officer,

shall be guilty of an offence.

Penalty for false declarations, etc.

17.—(1) Any person who, being required by this Act to make or furnish any declaration, statement, representation or information or to produce any permit or who, for the purpose of obtaining any permit under this Act —

- (a) makes or furnishes any declaration, statement, representation or information which is false in a material particular; or
- (b) produces any permit, licence, certificate or written permission which the person knows or has reason to believe is false in any material particular, which has not

been given by the person by whom it purports to have been given, or which has been in any way altered or tampered with,

shall be guilty of an offence.

(2) Any person who —

(a) without lawful authority alters, forges, mutilates or defaces any permit; or

(b) knowingly makes use of any permit which has been so altered, forged, mutilated or defaced,

shall be guilty of an offence.

General penalty

18. Any person guilty of an offence under this Act for which no penalty is expressly provided shall be liable on conviction to a fine not exceeding \$10,000 or to imprisonment for a term not exceeding 12 months or to both.

Abetment of offences

19. Any person who abets the commission of, or who attempts to commit, any offence under this Act shall be guilty of an offence and shall be liable on conviction to be punished with the punishment provided for the offence.

Offences by bodies corporate, etc.

20.—(1) Where an offence under this Act committed by a body corporate is proved —

(a) to have been committed with the consent or connivance of an officer; or

(b) to be attributable to any neglect on the officer's part,

the officer as well as the body corporate shall be guilty of the offence and shall be liable to be proceeded against and punished accordingly.

(2) Where the affairs of a body corporate are managed by its members, subsection (1) applies in relation to the acts and defaults of

a member in connection with the member's functions of management as if the member were a director of the body corporate.

(3) Where an offence under this Act committed by a partnership is proved —

(a) to have been committed with the consent or connivance of a partner; or

(b) to be attributable to any neglect on the partner's part,
the partner as well as the partnership shall be guilty of the offence and shall be liable to be proceeded against and punished accordingly.

(4) Where an offence under this Act committed by an unincorporated association (other than a partnership) is proved —

(a) to have been committed with the consent or connivance of an officer of the unincorporated association or a member of its governing body; or

(b) to be attributable to any neglect on the part of such an officer or a member,

the officer or member as well as the unincorporated association shall be guilty of the offence and shall be liable to be proceeded against and punished accordingly.

(5) In this section —

“body corporate” includes a limited liability partnership;

“officer” —

(a) in relation to a body corporate, means any director, partner, member of the committee of management, chief executive, manager, secretary or other similar officer of the body corporate and includes any person purporting to act in any such capacity; or

(b) in relation to an unincorporated association (other than a partnership), means the president, the secretary, or any member of the committee of the unincorporated association, or any person holding a position analogous to that of president, secretary or

member of a committee and includes any person purporting to act in any such capacity;

“partner” includes a person purporting to act as a partner.

(6) The Minister may make rules to provide for the application of any provision of this section, with any modifications that the Minister considers appropriate, to any body corporate or unincorporated association formed or recognised under the law of a territory outside Singapore.

PART 4

MISCELLANEOUS

Advisory Committee

21.—(1) The Minister may establish an Advisory Committee consisting of such members as the Minister may appoint.

(2) The Advisory Committee is to advise the Director-General upon any question which the Director-General may refer to it in connection with the administration of this Act.

Fees, etc., payable to Board

22. All fees, charges and moneys collected under this Act or any rules made under this Act (except composition sums) must be paid to the Board.

[10/2019]

Board not liable for damage caused to goods or property as result of search, etc.

23. Subject to this Act, the Board is not liable to make good any damage caused to or any loss of goods or property (including any animal or plant) as a result of any entry, search, detention or anything which is done under this Act.

[10/2019]

Jurisdiction of court, etc.

24.—(1) Despite any provision to the contrary in the Criminal Procedure Code 2010, a District Court has jurisdiction to try any

offence under this Act and has power to impose the full penalty or punishment in respect of the offence.

(2) For the purpose of section 151 of the Criminal Procedure Code 2010, on receiving the written complaint signed by the Director-General or an authorised officer, the Magistrate must proceed to issue a summons or warrant in accordance with section 153 of the Criminal Procedure Code 2010.

[15/2010]

Composition of offences

25.—(1) The Director-General may compound any offence under this Act that is prescribed as a compoundable offence by collecting from a person reasonably suspected of having committed the offence a sum not exceeding \$5,000.

(2) Where an offence is compounded under this Act, the scheduled species in respect of which the offence was committed and any other thing seized under section 11(3)(b), (c) or (d) are forfeited to the Director-General.

(3) Subject to subsection (2), on payment of the sum of money, no further proceedings may be taken against that person in respect of the offence.

(4) All composition sums collected under this section must be paid into the Consolidated Fund.

[10/2019]

Exemption

26.—(1) The Minister may, by order in the *Gazette*, exempt any person or scheduled species or any class or description of persons or scheduled species from all or any of the provisions of this Act, subject to such terms or conditions as may be prescribed.

(2) The Director-General may on the application of any person, by written notice, exempt the person from all or any of the provisions of this Act if the Director-General considers it appropriate to do so in the circumstances of the case.

(3) An exemption under subsection (2) —

- (a) may be granted subject to such terms or conditions as the Director-General may specify by written notice;
- (b) need not be published in the *Gazette*; and
- (c) may be withdrawn at any time by the Director-General.

Service of documents

27.—(1) Any notice, order or document required or authorised by this Act to be given to or served on any person, and any summons issued by a court against any person in connection with any offence under this Act may be served on the person —

- (a) by delivering it to the person or to an adult member or employee of the person's family or household at the person's last known place of residence;
- (b) by leaving it at the person's usual or last known place of residence or place of business in an envelope addressed to the person;
- (c) by sending it by registered post addressed to the person at the person's usual or last known place of residence or place of business; or
- (d) in the case of an incorporated company, a partnership or a body of persons —
 - (i) by delivering it to the secretary or other similar officer of the company, partnership or body of persons at its registered office or principal place of business; or
 - (ii) by sending it by registered post addressed to the company, partnership or body of persons at its registered office or principal place of business.

(2) Any notice, order, document or summons sent by registered post to any person in accordance with subsection (1) is deemed to be duly served on the person at the time when the notice, order, document or summons (as the case may be) would in the ordinary course of post be delivered and, in proving service of the notice, order, document or

summons, it is sufficient to prove that the envelope containing the same was properly addressed, stamped and posted by registered post.

(3) Any notice, order or document required or authorised by this Act to be served on the owner or occupier of any premises or any summons issued by a court against any such owner or occupier in connection with any offence under this Act may be served by delivering it or a true copy thereof to some adult person on the premises or, if there is no such person on the premises to whom it can with reasonable diligence be delivered, by affixing the notice, order, document or summons to some conspicuous part of the premises.

(4) Any notice, order or document required or authorised by this Act to be served on the owner or occupier of any premises or any summons issued by a court against any such owner or occupier in connection with any offence under this Act is deemed to be properly addressed if addressed by the description of the owner or occupier of the premises without further name or description.

Amendment of Schedule

28. The Minister may, by notification in the *Gazette*, add to, alter or amend the Schedule.

Rules

29.—(1) The Minister may make rules —

- (a) providing for the issue of permits for the import, export, re-export and introduction from the sea of scheduled species;
- (b) prescribing the form, duration, terms, conditions and restrictions of any permit and the fees payable for the permit, and providing for the cancellation and suspension thereof;
- (c) providing for the imposition of a levy on the import, export or re-export of any scheduled species;
- (d) authorising the sale or possession or control of or other dealing in scheduled species and prescribing the circumstances and conditions under which a person may

be in possession or in control of or sell or otherwise deal with any scheduled species;

- (e) relating to the branding, packaging, marking either permanently or temporarily and labelling of scheduled species for the purpose of identification;
- (f) prescribing the fees to be charged in respect of anything done under or by virtue of this Act;
- (g) prescribing any other matter or thing required or permitted to be prescribed or necessary to be prescribed to give effect to this Act.

(2) Rules made under this Act —

- (a) may provide that a contravention of any provision of the rules shall be an offence;
- (b) may provide for penalties not exceeding a fine of \$50,000 or imprisonment for a term not exceeding 2 years or both for each offence.

Saving and transitional provision

30. Any application for a permit, and any permit, approval, notice, order or other document, made, issued or given under the repealed Endangered Species (Import and Export) Act (Cap. 92A, 2000 Revised Edition) is, so far as it is not inconsistent with the provisions of this Act, deemed to have been made, issued or given under this Act.

THE SCHEDULE

Sections 2(1) and 28

SCHEDULED SPECIES

Interpretation of the Appendices

1. Appendix I includes all species threatened with extinction which are or may be affected by trade. Trade in specimens of these species is subject to particularly strict regulation in order not to endanger further their survival and is only authorised in exceptional circumstances.

THE SCHEDULE — *continued*

2. Appendix II includes —

- (a) all species which may become threatened with extinction unless trade in specimens of such species is subject to strict regulation in order to avoid utilisation incompatible with their survival; and
- (b) other species which are subject to regulation in order that trade in specimens of certain species referred to in sub-paragraph (a) may be brought under effective control.

3. Appendix III includes all species which any contracting State or Party to CITES (also called in this Schedule the Convention) identifies as being subject to regulation within its jurisdiction for the purpose of preventing or restricting exploitation, and as needing the cooperation of other Parties in the control of trade.

4. In these Appendices, unless the context otherwise requires —

“Conference of the Parties” means the Conference of the Parties to CITES;

“Secretariat” means the Secretariat established under Article XII of CITES;

“Standing Committee” means the Standing Committee of the Conference of the Parties established under Annex 1 of Resolution Conf. 11.1 (Rev. CoP16) adopted by the Conference of the Parties.

5. Species included in these Appendices are referred to —

- (a) by the name of the species; or
- (b) as being all of the species included in a higher taxon or designated part thereof.

6. The abbreviation “spp.” is used to denote all species of a higher taxon.

7. Other references to taxa higher than species are for the purposes of information or classification only. The common names included after the scientific names of families are for reference only. They are intended to indicate the species within the family concerned that are included in the Appendices. In most cases this is not all of the species within the family.

8. The following abbreviations are used for plant taxa below the level of species:

- (a) “ssp.” is used to denote subspecies; and
- (b) “var(s).” is used to denote variety (varieties).

9. As none of the species or higher taxa of FLORA included in Appendix I is annotated to the effect that its hybrids are to be treated in accordance with the provisions of Article III of the Convention, this means that artificially propagated hybrids produced from one or more of these species or taxa may be traded with a certificate of artificial propagation, and that seeds and pollen (including pollinia),

THE SCHEDULE — *continued*

cut flowers, seedling or tissue cultures obtained in vitro, in solid or liquid media, transported in sterile containers of these hybrids are not subject to the provisions of the Convention.

10. The names of the countries in parentheses placed against the names of species in Appendix III are those of the Parties submitting these species for inclusion in this Appendix.

11. When a species is included in one of the Appendices, the whole, live or dead, animal or plant is included. In addition, for animal species listed in Appendix III and plant species listed in Appendix II or III, all parts and derivatives of the species are also included in the same Appendix unless the species is annotated to indicate that only specific parts and derivatives are included. The symbol # followed by a number placed against the name of a species or higher taxon included in Appendix II or III refers to a footnote that indicates the parts or derivatives of animals or plants that are designated as “specimens” subject to the provisions of the Convention in accordance with Article I, paragraph (b), sub-paragraph (ii) or (iii).

12. The terms and expressions below, used in annotations in these Appendices, are defined as follows:

(a) Extract

Any substance obtained directly from plant material by physical or chemical means regardless of the manufacturing process. An extract may be solid (e.g. crystals, resin, fine or coarse particles), semisolid (e.g. gums, waxes) or liquid (e.g. solutions, tinctures, oil and essential oils).

(b) Finished musical instruments

A musical instrument (as referenced by the Harmonized System of the World Customs Organization, Chapter 92; musical instruments, parts and accessories of such articles) that is ready to play or needs only the installation of parts to make it playable. This term includes antique instruments (as defined by the Harmonized System codes 97.05 and 97.06; Works of art, collectors pieces and antiques).

(c) Finished musical instrument accessories

A musical instrument accessory (as referenced by the Harmonized System of the World Customs Organization, Chapter 92; musical instruments, parts and accessories of such articles) that is separate from the musical instrument, and is specifically designed or shaped to be used explicitly in association with an instrument, and that requires no further modification to be used.

THE SCHEDULE — *continued*

(d) Finished musical instrument parts

A part (as referenced by the Harmonized System of the World Customs Organization, Chapter 92; musical instruments, parts and accessories of such articles) of a musical instrument that is ready to install and is specifically designed and shaped to be used explicitly in association with the instrument to make it playable.

(e) Finished products packaged and ready for retail trade

Products, shipped singly or in bulk, requiring no further processing, packaged, labelled for final use or the retail trade in a state fit for being sold to or used by the general public.

(f) Powder

A dry, solid substance in the form of fine or coarse particles.

(g) Shipment

Cargo transported under the terms of a single bill of lading or air waybill, irrespective of the quantity or number of containers, packages, or pieces worn, carried or included in personal baggage.

(h) Ten (10) kg per shipment

*For the term “10 kg per shipment”, the 10 kg limit should be interpreted as referring to the weight of the individual portions of each item in the shipment made of wood of the species concerned. In other words, the 10 kg limit is to be assessed against the weight of the individual portions of wood of *Dalbergia*/*Guibourtia* species contained in each item of the shipment, rather than against the total weight of the shipment.*

(i) Transformed wood

Defined by Harmonized System code 44.09: Wood (including strips, friezes for parquet flooring, not assembled), continuously shaped (tongued, grooved, v-jointed, beaded or the like) along any edges, ends or faces, whether or not planed, sanded or end-jointed.

(j) Wood-chips

Wood that has been reduced to small pieces.
