[13/2020]

(3) To avoid doubt, no money may be withdrawn from the Coastal and Flood Protection Fund for the purposes of land reclamation by or on behalf of the Government.

[13/2020]

PART 3

WATER UNDERTAKING OF BOARD

[11/2018]

Tariffs for supply of water and apparatus, etc., payable to Board

20.—(1) The prices to be charged for the supply of water by the Board and the hire of apparatus must be in accordance with such tariffs as may be prescribed.

[9/2012]

(2) Subject to section 14, for the purpose of determining the price to be charged for the supply of water by it, the Board may take into consideration all costs incurred in enabling it to supply the water, including (but not limited to) the following:

- (a) the collection of water from any source, whether water from any natural source, used water (including sewage, waste matter and effluent) or otherwise;
- (b) the purchase of water from any source;
- (c) the storage of water;
- (d) the treatment of water to the standards necessary for the use for which the water is required;
- (e) the supply of water to any premises;
- (f) the maintenance of any system employed in the collection, storage, treatment or supply of water;
- (g) ensuring the quality, safety and security of the water supply.

[9/2012]

(3) In determining the price to be charged for the supply of water by the Board, subsection (2) does not permit the Board to take into consideration —

- (a) the costs in connection with any activity referred to in that subsection if an amount of tax is payable in relation to that same activity under subsection (7) (whether by the same person paying the price or otherwise); or
- (b) any costs borne by the Government or by the Board on behalf of the Government.

[9/2012]

(4) For the purposes of subsection (1), the Board may prescribe different prices for persons differently situated, including different prices for different volumes of water supplied.

[9/2012]

(5) Nothing in this section prevents the Board from —

(a) charging other prices by special agreement which need not be prescribed; or

(b) fixing, with the approval of the Minister, different tariffs for consumers similarly situated for a temporary period.

(6) The Board must, in fixing tariffs and making agreements for the supply of water, neither show undue preference as between consumers similarly situated nor exercise undue discrimination as between persons similarly situated, having regard to the place and time of supply, the quantity supplied, and the purpose for which the supply is taken.

(7) A waterborne tax must be paid to the Board for the discharge of the Board's functions in relation to used water (including sewage, waste matter and effluent) and sewerage, and the waterborne tax must be of such amount and payable at such times as the Minister may, by order in the *Gazette*, prescribe.

[9/2012]

(8) The waterborne tax is payable by —

(a) an occupier of premises (including the Government); or

(b) where the premises are vacant, the owner of the premises (including the Government).

[9/2012]

(9) In determining the amount of the waterborne tax payable by any person, the Minister may base the calculation of the tax on all or any of the following:

(a) the number of sanitary appliances which are installed in the premises;

(b) the volume of water supplied to the premises;

- (c) any estimate of the volume of used water (including sewage, waste matter and effluent) disposed of.

[9/2012; 11/2018]

(10) For the purposes of subsection (7), the Minister may prescribe different amounts of waterborne tax for persons differently situated, including different amounts of waterborne tax for different volumes of water supplied and estimates of different volumes of used water (including sewage, waste matter and effluent) disposed of.

[11/2018]

(11) The waterborne tax collected under this section must be paid into the funds of the Board.

[9/2012]

(12) Without affecting section 25, any waterborne tax payable under this section may be recovered by the Board as a civil debt due to the Board.

[9/2012]

(13) The Board may, with the approval of the Minister, grant any person or class of persons such amount of rebate on the waterborne tax as the Board may determine.

[9/2012]

Board may supply water

21.—(1) Subject to the provisions of this Act, the Board may supply water to any person who undertakes to enter into an agreement with the Board for the supply on such terms and conditions as the Board may determine.

[9/2012]

(2) The Board may require any person who requires a supply of water to accept in respect of the supply —

- (a) any condition requiring the person to provide sufficient premises, and to construct rooms, buildings or structures, as may be considered necessary by the Board for the purposes of the supply; and
- (b) any condition giving the Board the right to use the premises, rooms, buildings or structures provided or constructed under paragraph (a) as the Board thinks fit.

[9/2012]

(3) The Board may refuse to give, or may discontinue, a supply of water to any premises which —

- (a) has been erected in contravention of any written law;
- (b) is in a ruinous or dangerous condition; or
- (c) has a water service installation that is in an unsatisfactory condition.

[9/2012]

(4) Without affecting subsection (3), the Board may —

- (a) refuse to enter into an agreement for the supply; or
- (b) enter into an agreement for a reduced supply,

of water that is not for human consumption to any premises, where the Board is of the opinion that it is impracticable or uneconomical to supply the water to those premises.

[9/2012]

(5) The Board shall not be liable for any loss or damage caused to any person by —

- (a) any refusal or discontinuance of the supply of water under subsection (3); or
- (b) any refusal to enter into an agreement for the supply of water, or entering into an agreement for a reduced supply of water, under subsection (4).

[9/2012]

Board may require security

22.—(1) Subject to this section, the Board may require any person who requires a supply of water to give the Board reasonable security for the payment to it of all moneys which may become due to the Board —

- (a) in respect of the supply; or
- (b) in respect of the provision of any water installation.

(2) If that person fails to give the security, the Board may, if it thinks fit, refuse to give the supply or to provide any water installation for so long as the failure continues.

(3) Where any person has not given the security mentioned in subsection (1), or the security given by any person has become invalid or insufficient —

- (a) the Board may by notice require that person, within 7 days after the service of the notice, to give the Board reasonable security for the payment of all moneys which may become due to the Board in respect of the supply; and
- (b) if that person fails to give the security, the Board may if it thinks fit discontinue the supply for so long as the failure continues.

(4) The Board shall not be liable for any loss or damage caused to any person by the discontinuance of the supply of water to the person under subsection (3).

Board may cut off supply of water in default of payment

23.—(1) If any person entitled to a supply of water under any agreement under section 21 makes default in payment of any sum payable by the person under the agreement, the Board may discontinue the supply of water by severing or disconnecting any pipe (whether or not belonging to or under the control or management of the Board) or other work through which water is supplied and may, until any sum payable under the agreement together with the expenses incurred by the Board in so discontinuing the supply are fully paid, discontinue the supply of water to that person.

(2) If, in the opinion of the Board, any person is responsible for the misuse or waste of any water supplied by the Board, the Board may give written notice to that person calling upon that person to cause the misuse or waste to be discontinued within the period specified in the notice and, if the misuse or waste continues after the expiry of that period, the Board may discontinue the supply of water to that person by severing or disconnecting the service pipe or by such other means as it thinks fit.

(3) The Board shall not be liable for any loss or damage caused to any person by the discontinuance of the supply of water to the person under subsection (1) or (2).

Power to enter upon premises for survey, inspection, etc.

24.—(1) The Board may, for the purposes of this Act, by its employees, agents or contractors, enter any premises at all reasonable hours in the day or night, or at any other time that may be agreed with the owner or occupier of the premises, for the purpose of making any survey or inspection and for the purpose of executing any work authorised by this Act to be executed by the Board without being liable to pay any person any fee, charge or expense or to any legal proceedings or molestation on account of such entry or of anything done in any part of the premises under this Act.

[9/2012]

(2) Subject to subsection (3), the Board must not by its employees, agents or contractors enter any dwelling house in actual occupation, except with the consent of the occupier of the house, without 6 hours' previous notice to the occupier.

(3) The Minister may declare that any class of premises for the control and supervision of which regulations may be made under this Act are liable to inspection at any time of the day or night, and upon the declaration any employee, agent or contractor duly authorised in writing by the Board to do so may, at any time of the day or night and without notice, enter using such force as may be necessary and search or inspect any premises of the class specified in the declaration.

[9/2012]

Power to enter premises for installation of pipes, water installations, etc.

24A.—(1) The Board may, for the purposes of this Act, by its employees, agents or contractors, enter any premises at all reasonable hours in the day or night, or at any other time that may be agreed with the owner or occupier of the premises, for all or any of the following purposes:

[9/2012; 12/2015]

(3) However, the Board must not enter any premises for the purposes specified in subsection (1) unless the Board has given at least 14 days' written notice of intention to enter to every owner and occupier of the premises.

[12/2015]

(5) The Board may serve a notice on the owner or supplier of any gas, electricity, water or telecommunication services —

- (a) to alter the course or position of any wire, line, cable, pipe, tube, casing, duct, post, structure or other apparatus which belongs to that owner or supplier or is maintained by that owner or supplier if, in the opinion of the Board, such alteration is required for the purposes of subsection (1); and

and where any approval of a statutory authority is required for that alteration, to do so in accordance with that approval.

[9/2012]

(6) The Board may give notice to the owner or occupier of any premises requiring the owner or occupier to remove any object or structure described in the notice which is erected on or attached to, or projects from, the premises if, in the opinion of the Board, the removal of the object or structure is required for any of the purposes specified in subsection (1).

[9/2012]

(7) Any costs and expenses reasonably incurred by the owner, supplier or occupier in complying with any notice under subsection (5) or (6) must be borne by the Board.

[9/2012]

Board may act in cases of emergency

24B. Despite anything in section 24, 24A, 31, 32 or 33, where the Board considers that immediate action is necessary —

- (a) upon the occurrence of an emergency, fire or excessive drought;
- (b) because the quality of water supplied fails to meet the standards required by the Board;

the Board may immediately and without notice enter any premises and carry out, or direct the immediate execution of, any work or the doing of any act, being any work or act authorised under any of those sections, which is in the opinion of the Board necessary for the service or safety of the public.

[9/2012]

Recovery of moneys due to Board

25.—(1) If the amount of any tax under this Act or the amount of any moneys which is due from any person for —

(c) the supply or hire by the Board of any water fitting, apparatus, appliance, accessory or appurtenance thereof, is not paid within the time allowed for such payment to be made, a notice may be issued requiring the defaulter to pay the same, together with a fee of such amount as may be prescribed for the cost of issuing the notice, within 7 days from the date of the notice.

[9/2012]

(2) If the amount and fee are not paid within the period of 7 days, a warrant may be issued by the Board to any employee of the Board named in the warrant, directing him or her to levy the same and the costs of recovery by seizure and sale of the movable property of the defaulter.

(3) The person to whom any such warrant is addressed may break open in the daytime any house or building for the purpose of seizing property pursuant to the warrant.

(6) The property seized by virtue of any such warrant is to be sold by public auction by the person to whom the warrant is addressed or by some other person appointed by the Board at any time after the end of 7 days from the date of the seizure, unless in the meantime the amount of the debt and the costs mentioned in the warrant have been paid.

(7) The surplus (if any) accruing from the sale, after deducting the amount of the debt and the costs, must be paid to the owner of the property so sold.

(8) Any surplus remaining unclaimed for a period of 12 months from the date of the sale must be paid to the credit of the Board's fund and no person thereafter is entitled to demand and receive it.

Relocation of water installation

26. The Board may, at the request of the owner or occupier of any premises under or upon which any water installation is situated, relocate the water installation if the Board is satisfied that the relocation is reasonable and the owner or occupier complies with such terms and conditions as the Board may impose, including terms and conditions relating to the payment by the owner or occupier of all costs and expenses necessary for the relocation.

Board may stop or interrupt supply of water

27.—(1) The Board may, despite any agreement made with any consumer for the supply of water, stop, turn off or divert in part or wholly the water in any main or other works under its control or management —

- (b) if the quality of water supplied fails to meet the standards required by the Board;
- (c) if this is necessary to facilitate the repair or replacement of any main, installation or water installation, construction of new works, alteration to or maintenance of existing works, or the installation, changing or removal of any meter;
- (d) if this is necessary to avoid inconvenience to other consumers or undue interference with the water supply to other consumers;
- (e) if this is necessary to conserve water supply; or
- (f) if it is in the interests of public safety or in the public interest to do so.

[9/2012]

Property of Board not to be subject to distress or taken under or pursuant to enforcement order

29. When any pipe or other apparatus belonging to the Board is placed in or upon premises not being in the possession of the Board for the purpose of supplying water, the pipe or other apparatus is not subject to distress and is not to be taken under or pursuant to an enforcement order under any process of any court or in any proceedings in bankruptcy against the person in whose possession it is.

PART 3A

COMPENSATION FOR TEMPORARY OCCUPATION OF PREMISES AND OWNER-INITIATED ACQUISITION

Compensation for temporary occupation of premises

40A.—(1) Subject to sections 40B and 40C, every owner and occupier of premises of which temporary possession is taken under section 24A or 32 is entitled to claim compensation for the items of loss, damage or cost set out in the first column of the Fourth Schedule to the extent of the loss, damage or cost suffered or incurred by the owner or occupier, as the case may be.

[12/2015]

(2) A claim for compensation for an item of loss, damage or cost set out in the first column of the Fourth Schedule is to be assessed by the Board —

(a) on the basis of the matters specified opposite in the second column of the Fourth Schedule; and

(b) by not taking into consideration any of the matters specified in subsection (3).

[12/2015]

(3) No account is to be taken of the following in the assessment of any claim for compensation by any owner or occupier of premises of which temporary possession is taken under section 24A or 32:

(a) the financial loss resulting from the interruption of or interference with any trade or business carried on any premises;

- (b) any increase or decrease in the value of the premises to which the compensation relates which is attributable to the purpose for which the premises are occupied and used;
- (c) any building, object or structure within those premises which was erected and maintained in the contravention of any written law in force on the date of the notice under section 24A(3) or 32(2) (as the case may be) relating to those premises;
- (d) any building or part of a building within those premises which has been constructed or modified or on which building works have been carried out so as to amount to a contravention of the Building Control Act 1989 within the meaning of that Act.

[12/2015]

(4) On receiving a claim for compensation from any owner or occupier of premises of which temporary possession is taken under section 24A or 32, the Board must inquire into that claim and must, as soon as is possible, pay to the owner or occupier (as the case may be) compensation for such loss, damage or cost arising from the exercise of the powers under that section as is determined in accordance with this section.

[12/2015]

(5) To avoid doubt, nothing in this section prevents the Board from restoring premises of which temporary possession is taken under section 24A or 32 to the reasonable satisfaction of the owner or occupier of the premises before returning those premises to the owner or occupier, in lieu of compensation for any item of loss, damage or cost set out in the first column of the Fourth Schedule.

[12/2015]

Time for, and manner of, claiming for compensation

40B.—(1) Every claim for compensation under this Part must be in writing.
