(2) The Authority must prepare an estimate of the costs and expenses of the street works to be apportioned among —

- (a) the owners of the premises abutting on the new street or public street; and

(7) Where the street works have been completed by the Authority and the costs and expenses thereof ascertained —

- (a) the Authority must cause a final apportionment of the costs and expenses of the street works to be made by dividing the costs and expenses in the same proportions as those in which the estimated costs and expenses were divided in the provisional apportionment;

- (b) any person who, in the opinion of the Authority, was responsible for causing the street to be in a dangerous or defective condition,

to execute such work and make such provision as may be necessary to remedy the defect within such time as is stated in the order and may in the order specify the date before which the work must be commenced.

(2) If any person to whom an order under subsection (1) is addressed fails to comply with the requirements of the order —

- (a) the Authority may execute the order in such manner as it thinks fit to repair the defect to remove any immediate danger; and
- (b) such person must pay to the Authority the costs and expenses of the repair in such proportions as are settled by the Authority.

(3) Where any person to whom an order under subsection (1) is addressed fails to commence the work before the date specified in the order, the Authority may, even though the period stated in the order for the completion of the work has not yet expired, itself cause the work to be done and recover from such person the costs and expenses of the work or such proportions of the costs and expenses as are settled by the Authority.

(4) If any person who is liable to pay costs and expenses under subsection (2) or (3) is dissatisfied with the Authority's apportionment of costs and expenses, the person may appeal to the Minister whose decision is final.

(5) Despite subsections (1), (2) and (3), the Authority may execute street works on any private street or any part thereof as may be considered necessary for the public safety, except that the execution of such street works by the Authority does not affect the liability of any person under subsection (1), (2) or (3).

(6) A certificate of the Authority stating that it is of the opinion that such person or persons named in the certificate was or were responsible for causing a private street or any part thereof to be in a dangerous or defective condition is conclusive evidence for the purpose of any proceedings for the recovery of the costs and expenses of the repairing of that private street.

Notice on person causing private street to be in dangerous or defective condition

(2) The Authority may, by written order, require any person who has been served with a notice under subsection (1) to deposit with the Authority such sum as may be required for causing the street to be properly repaired.

(3) The Authority must, in making an order under subsection (2), have regard to the costs and expenses that would have to be incurred if it should cause the work to be done.

(4) If a notice under subsection (1) is not complied with, the person who has been served with the notice shall be guilty of an offence and shall be liable on conviction —

- (a) to a fine not exceeding \$5,000 or to imprisonment for a term not exceeding 12 months or to both;

PART 4

DECLARATION

Private streets may be declared public streets

26.—(1) If any street, not being a public street, is levelled, channelled, drained, paved, metalled, flagged and provided with lighting or otherwise made up to the satisfaction of the Authority, the Authority may, whether at the request of the owners of the premises fronting, adjoining or abutting on the street or otherwise, if it thinks fit, by writing signed by the Chief Executive or such other officer as the Authority may authorise in that behalf, declare that at the expiry of one month from the date thereof the street becomes a public street.

(2) A copy of such declaration must be forthwith posted up in some part of the street.

(3) At the expiry of one month from the date of the declaration under subsection (1), unless the owners of the premises fronting, adjoining or abutting on the street or the owners of such premises having the greater part in annual value have, by notification to the Authority in writing under their hands, objected thereto, the street becomes a public street and vests in the Government and must forever afterwards be repaired by the Authority.

(4) The declaration referred to in subsection (1) must be published in the *Gazette*.

(5) Where a street that has been declared to be a public street and has become vested in the Government under this section comprises premises included in separate lots already set aside as part of a street, the declaration must be registered against those lots —

- (a) under the Land Titles Act 1993 in respect of registered land; and
- (b) under the Registration of Deeds Act 1988 in respect of other land.

(6) Where a street that has been declared to be a public street and has become vested in the Government under this section comprises premises included in an existing lot or existing lots —

- (a) the premises forming the street must be excised from the existing lot or lots; and
- (b) the declaration must be registered in respect of the excised portions under the Land Titles Act 1993 in respect of registered land and under the Registration of Deeds Act 1988 in respect of other land.

(7) Upon such registration, the premises forming the street vest in the Government free from all encumbrances and where the premises are held under a statutory land grant, such vesting is not deemed to create a subdivision within the meaning of the State Lands Act 1920.

PART 5

WALKWAYS

Provisions of footways, etc.

27.—(1) The Authority may, where it considers necessary, require the owner of any premises —

- (a) to allow a footway to be constructed within the owner's premises for the use of the public; or

- (b) to allow an existing footway within the owner's premises to be improved for the use of the public.

[11/2003]

(2) The construction or improvement of a footway under subsection (1) must not affect any house within the premises, except that if necessary for this purpose, the Authority may set back any wall, fence, hedge or other similar erection.

[11/2003]

(3) Where there is a vacant frontage adjacent to the public street to which the public has access, the Authority may, in conjunction with any street improvement scheme, carry out works to the frontage as it considers fit.

(4) For the purpose of this section, "vacant frontage" includes any covered footway.

(5) The Authority must not exercise the rights conferred by subsection (1) or (3) unless it has given at least one month's written notice to the owner of the frontage stating its intention to carry out the work, which notice must include a plan showing the affected area of the frontage.

(6) The Authority must prepare an estimate of the costs and expenses to be apportioned among the owners of the premises fronting, adjoining or abutting on the new or existing footway or public street and must serve a notice of its decision in writing to proceed with the works and to recover costs and expenses of the works upon each of such owners, and such costs and expenses must be paid within such period as may be specified in the notice and in such proportions as are settled by the Authority.

[11/2003]

(7) If the owner of any such premises is dissatisfied with the Authority's apportionment of costs and expenses, the owner may, within 14 days from the date of service of the notice, appeal to the Minister whose decision is final.

(8) The Authority may, if it thinks fit, decide that in settling the apportionment of costs and expenses regard must be had to the following considerations:

- (a) the degree of benefit accruing to any premises by the construction or improvement of the new footway or street;
- (b) the amount and value of any street works already executed by the owners or occupiers of any such premises.

[11/2003]

(9) The Authority may, if it thinks fit, pay the whole or any part of the costs and expenses of the works, and the payment of part of the costs and expenses may be made in such a manner as wholly to relieve the owner of any particular premises to the exclusion of other owners or to relieve that owner to a greater extent than other owners.

(10) When the street works have been completed by the Authority and the costs and expenses thereof ascertained —

- (a) the Authority must cause a final apportionment of the costs and expenses of the street works to be made by dividing the costs and expenses in the same proportions as those in which the estimated costs and expenses were divided in the provisional apportionment;
- (b) that final apportionment is conclusive for all purposes;
- (c) notice of the final apportionment must be served upon the owners of the premises affected thereby; and
- (d) the sums apportioned thereby are recoverable in the manner provided in section 43.

(11) No owner is entitled to any payment or compensation for the use of the owner's frontage under this section.

(12) In every case where a footway is made under this section, the Authority must deliver to each owner of the land a plan showing the land taken for the footway with a declaration endorsed thereon under the hand of the Minister to the effect that the land has been taken under this section for use as a public footway, subject nevertheless to the right of each owner or that owner's successors in title at any time to build in such a manner and to such extent as the owner or the owner's successors in title would have been entitled to build if the land had not been taken for use as a public footway.

Maintenance of footways

28.—(1) Where a footway has been constructed or improved under section 27, the Authority —

- (a) may issue written instructions to the owner of any premises fronting, adjoining or abutting on the footway to carry out maintenance work up to the standard required by the Authority; and
- (b) may, if it thinks fit, take over the footway for maintenance, in which case the Authority must issue a notice to the owner stating that the footway has been taken over by the Authority for maintenance.

[11/2003]

(2) The owner must not modify any footway within the owner's land to which the public has access without the written permission of the Authority.

PART 6

Occupier may execute work upon default of owner

41. Whenever default is made by an owner of any premises in the execution of any work required under this Act to be executed by the owner, an occupier of the premises may, with the approval of the Authority, cause the work to be executed and the costs and expenses thereof must be paid to the occupier by the owner or the amount may be deducted out of the rent from time to time becoming due from the occupier to the owner and the occupier may, in the absence of any special agreement to the contrary, retain possession until those costs and expenses have been fully reimbursed to the occupier.

42.—(1) Every person who sells or transfers any property in respect of which costs and expenses have been incurred by the Authority in connection with the execution of any work which are, under this Act, recoverable from the owner thereof continues to be liable for —

- (a) the payment of all the costs and expenses payable in respect of the property which become payable; and
- (b) the performance of all other obligations imposed by this Act upon the owner of the property which are to be performed,

at any time before such notice of transfer as is required by section 19 of the Property Tax Act 1960 has been given.

(2) Nothing in this section affects the liability of the purchaser or transferee to pay the costs and expenses in respect of the property or the right of the Authority to recover the costs and expenses or to perform any obligation under this Act.

Recovery of costs and expenses payable by owners

43.—(1) All and any sums payable by or recoverable from the owner in respect of the costs and expenses incurred by the Authority in connection with the execution of any work which are, under this

Act, recoverable from the owner of any premises are, subject and without prejudice to any other rights of the Authority, a first charge on the premises in respect of which the costs and expenses were incurred.

(2) In addition to any other remedies conferred by this Act, any such sum may be recovered in the manner hereinafter provided, and the person liable to pay it is the owner for the time being of any premises in respect of which any sum is due.

(3) Any occupier who, when requested by or on behalf of the Authority to state the name of the owner of the premises, refuses or wilfully omits to disclose or wilfully misstates the name shall, unless the occupier shows cause to the satisfaction of the court for the occupier's refusal or misstatement, be guilty of an offence and shall be liable on conviction to a fine not exceeding \$1,000.

(4) If any such sum remains unpaid at the expiry of the prescribed time, a notice is to be served upon the person or any one of the persons, if more than one, liable to pay it, calling on the person to pay that sum together with a fee of such amount as may be prescribed for the cost of the notice, within 15 days of the service of the notice.

(5) If no person liable to pay the sum can be found, the notice is deemed to have been duly served by the posting thereof at the office of the Authority and by fixing a copy thereof on some conspicuous part of the premises in respect of which the costs and expenses were incurred.

(6) At the expiry of the period of 15 days mentioned in subsection (4) or such further period as the Authority may allow, if any such sum or part thereof remains due and unpaid, it is deemed to be arrears and may be recovered as hereinafter provided.

(7) The charge mentioned in subsection (1) attaches, and the powers and remedies hereinbefore conferred become exercisable as from the date of completion of the work, and thereafter those powers and remedies may be exercised against the premises or against any movable property or crops for the time being found thereon, despite any change in the ownership or occupation of the premises subsequent to that date.

(8) The Authority may charge interest at a rate to be prescribed by the Authority on any sum remaining unpaid at the expiry of the prescribed time.

Recovery of costs and expenses by instalments

44.—(1) Where the Authority has incurred costs and expenses in connection with the execution of any work, which are, under this Act, payable by or recoverable from the owner of any premises, the Authority may either recover those costs and expenses in the manner hereinbefore provided or, if it thinks fit, take any engagement from the owner for the payment of such instalments as will be sufficient to defray the whole amount of the costs and expenses with interest thereon at a rate to be prescribed by the Authority, within a period not exceeding 10 years.

(2) Upon default in payment of any instalment or interest upon the date appointed for payment thereof by any such engagement, the whole of the balance then outstanding of that amount, together with any interest in arrear, immediately becomes due and payable and, despite any change in the ownership or occupation of the premises since the date of the engagement, may be recovered by the same means and in like manner as provided in section 43.

Proceedings if occupier opposes execution of works

45.—(1) If the occupier of any premises prevents the owner of the premises from carrying into effect in respect of the premises any of the provisions of this Act after notice of the owner's intention to do so has been given by the owner to that occupier, the Authority may, upon proof thereof and upon application of the owner, make an order requiring the occupier to permit the owner to execute all such works with respect to the premises as are necessary for carrying into effect the provisions of this Act.

(2) If after the expiry of 8 days from the date of the order the occupier continues to refuse to permit the owner to execute the works, the occupier shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$200 for every day during which the offence was committed, and every such owner during the continuance of the offence is discharged from any penalties to which

that owner might otherwise have become liable by reason of that owner's default in executing the works.

Licences, approval, consent, etc., granted by Authority

46.—(1) The grant or renewal of any approval, consent, permit, permission, authority, authorisation or licence pursuant to this Act or any regulations made under this Act is in the discretion of the Authority or the person authorised by the Authority to grant or renew it and the approval, consent, permit, permission, authority, authorisation or licence —

(3) Except as otherwise provided, any approval, consent, permit, permission, authority, authorisation or licence granted or renewed pursuant to this Act or any regulations made under this Act may be for such period not exceeding 12 months as the Authority thinks fit.

(4) Such fee (if any) as the Authority may prescribe is to be charged for the grant or renewal of any approval, consent, permit, permission, authority, authorisation or licence.

(5) No approval, consent, permit, permission, authority, authorisation or licence is transferable without the consent of the Authority or the person granting it.

(6) Except as otherwise provided, any person aggrieved by the refusal of the Authority or authorised person to grant or renew any approval, consent, permit, permission, authority, authorisation or licence or by the suspension or revocation by the Authority or authorised person of any approval, consent, permit, permission, authority, authorisation or licence may, within one month of the refusal, suspension or revocation, appeal to the Minister whose decision is final.
