32G. In this Part —

25 “critical support infrastructure” means any infrastructure that belongs to, or is under the control of, a telecommunication licensee, and that satisfies all of the following criteria:

(a) the infrastructure is required by other telecommunication licensees to provide a telecommunication service;

30 (b) the infrastructure cannot be replicated within the foreseeable future, or obtained from a third party, by an efficient new entrant to the market for telecommunication services in Singapore, in

either case, at a cost that would reasonably allow market entry;

- (c) the failure or refusal by the first-mentioned telecommunication licensee to allow other telecommunication licensees to use the infrastructure would unreasonably restrict competition in any market for telecommunication services in Singapore;

“prescribed transferee” means —

- (a) the Authority; or
(b) a person nominated by the Authority;

“specified telecommunication licensee” means a telecommunication licensee which the Minister has declared under section 32H to be a specified telecommunication licensee for the purposes of this Part.

Declaration of specified telecommunication licensee

32H.—(1) The Minister may, after consulting with the Authority, by notification in the *Gazette*, declare any telecommunication licensee to be a specified telecommunication licensee for the purposes of this Part, if —

- (a) the licensee —
- (i) is a public telecommunication licensee; or
 - (ii) owns or controls any critical support infrastructure; or
- (b) the Minister is satisfied that it is in the public interest to do so.

(2) A declaration of a specified telecommunication licensee under subsection (1)(a)(i) shall remain in force only so long as the licensee remains a public telecommunication licensee.

(3) A declaration of a specified telecommunication licensee under subsection (1)(a)(ii) shall remain in force only so long as

the licensee continues to own or control any critical support infrastructure.

(4) The Minister may, after consulting with the Authority, by notification in the *Gazette*, revoke any declaration under subsection (1).

Meaning and effect of special administration order

32I.—(1) A special administration order is an order of the Minister, made in accordance with section 32J in relation to a specified telecommunication licensee, directing that during the period for which the order is in force, the affairs, business and property of that licensee shall be managed by a person appointed by the Minister (which may include the Authority) —

- (a) for securing one or more of the purposes of such an order set out in subsection (2); and
- (b) in a manner which protects the respective interests of the shareholders and the creditors of the licensee.

(2) The purposes referred to in subsection (1)(a) are —

- (a) the security and reliability of the supply of telecommunication services in Singapore;
- (b) the survival of the specified telecommunication licensee, or the whole or any part of its business or undertaking, as a going concern;
- (c) the transfer to another person, or (as respects different parts of its business or undertaking) to 2 or more different persons, as a going concern, of so much of the specified telecommunication licensee's business or undertaking as it is necessary to transfer in order to ensure that the functions and duties which have been vested in the licensee by virtue of its licence may be properly carried out; and

(a) either of the following applies:

15 (i) the relevant telecommunication licensee is licensed to operate a telecommunication system, or any installation or plant used for telecommunications, that is so costly or difficult to replicate that a requirement to do so would create a significant barrier to rapid and successful entry into the market for telecommunication services in Singapore by an efficient competitor of the relevant telecommunication licensee;

20 (ii) the relevant telecommunication licensee has the ability to exercise significant market power in any market for telecommunication services in Singapore, and both of the following apply:

25 (A) the telecommunication services provided by the relevant telecommunication licensee in that market (referred to in this subsection as the relevant telecommunication services) are required by other telecommunication licensees for the provision of telecommunication services in Singapore on a competitive basis;

30

- 5 (B) it is so costly or difficult to provide the relevant telecommunication services that a requirement to do so would create a significant barrier to the provision of telecommunication services in Singapore on a competitive basis by an efficient competitor of the relevant telecommunication licensee;
- 10 (b) the Minister is satisfied that the actions that the Authority has taken in the exercise of its powers under this Act have failed, and that any other actions that the Authority may take in the exercise of those powers are likely to fail, to enable an efficient competitor of the relevant telecommunication licensee to achieve —
- 15 (i) where paragraph (a)(i) applies, rapid and successful entry into the market for telecommunication services in Singapore; or
- (ii) where paragraph (a)(ii) applies, the provision of telecommunication services in Singapore on a competitive basis; and
- 20 (c) the Minister is satisfied that it is in the public interest to issue the separation order.

(2) In deciding whether it is in the public interest to issue the separation order, the Minister shall have regard to whether the issue of the separation order is necessary or desirable for one or more of the following purposes:

- 20 (b) every deed, bond, agreement or other arrangement subsisting immediately before that date which relates to that business or property, and to which the relevant telecommunication licensee is a party, shall continue in full force and effect, and shall be enforceable by or against the transferee, from that date, as if the transferee had been named therein or had been a party thereto instead of the relevant telecommunication licensee; and

- 25 (c) any proceedings or cause of action, by or against the relevant telecommunication licensee, pending or existing immediately before that date and relating to that business or property shall, if continued, be

enforceable by or against, the transferee from that date.

(14) Upon receipt of any written representation, the Minister shall consider it for the purpose of determining whether to issue the separation order.

10 (15) The Minister may at any time vary, suspend or revoke the whole or any part of the separation order.
