This will cover constructing or extending passenger terminals and the airside, including runways, constructing new hangars, fuel farms, aircraft maintenance facilities and buildings used for air cargo, in-flight catering or fire-fighting services;
- (b) for any construction, improvement, extension, demolition, enlargement and replacement by any one of air navigation facilities or other facilities or buildings required in respect of or in connection with the operation of an airport at the airport site at Changi;
- (c) for the provision, acquisition, improvement and replacement of other capital assets (including vehicles, vessels, rolling-stock, machinery, instruments and equipment) required in respect of or in connection with the operation of an airport at the airport site at Changi;
- (d) for the carrying on of any survey, research or investigation preparatory to the undertaking of any purpose referred to above; and
- (e) for making grants or giving loans to others for any purpose referred to above.

EXPENDITURE OF PUBLIC MONEY

This Bill will involve the Government in extra financial expenditure, the exact amount of which cannot at present be ascertained.
