- (b) sets out the circumstances in which the performance of the measures referred to in paragraphs 9 and 10 may be modified.

(2) If the registered filing agent is of the view that the risks of money laundering and the financing of terrorism are low, the registered filing agent may adopt such measures as it considers adequate as would effectively identify and verify the customer's identity, the identity of the customer's agents and the identity of any beneficial owner in relation to a customer.

(3) The assessment that the risks of money laundering and the financing of terrorism are low must be supported by an adequate analysis of risks by the registered filing agent.

(4) The simplified CDD measures must be commensurate with the level of risk of money laundering and the financing of terrorism, based on the risk factors identified by the registered filing agent.

(5) No registered filing agent may perform simplified CDD measures in the following circumstances:

- (a) if the customer is from or in a country or territory which FATF has called for countermeasures including enhanced CDD to be performed, as may be notified by the Chief Executive;
