“specified licensee”, in relation to an owner of property, means a licensee who enters into a licence agreement with the owner for the whole or any part of the property —

(a) for an initial period of at least 12 months, not including any period of extension or renewal that may be provided under the licence; and

(b) for a purpose other than accommodation at the property or part of the property,

but excludes any of the following:

(c) an invitee or a casual visitor at the property or part of the property, such as a diner at a restaurant or a shopper in a shopping mall or shop;

(2) In these Regulations, the net rent of any property or part of any property is the rent, licence fee or similar payment payable by a lessee or licensee of the property or part of the property to the owner of the property under the lease or licence agreement (as the case may be) between the lessee or licensee and the owner —

(a) including the following amounts payable under the agreement:

  - (ii) any goods and services tax.
- (3) For the purpose of paragraph (2)(a)(i), if any amount in that provision for any month cannot be determined by the time the benefit for the property is required to be passed to the tenant in accordance with regulation 11, the amount in that provision determined for the month immediately prior to that month is treated as the amount for that month.
- (4) In these Regulations, an owner of property has begun to pass the benefit or a part of the benefit for the property to a tenant of the owner —
- (a) where the manner of passing is a method in regulation 10(1)(b) or (d) — when the first instalment is passed to the tenant; and
  - (b) where the manner of passing is a combination of 2 or more methods in regulation 10(1) — when the first amount under any of those methods is passed or (for a method under regulation 10(1)(b) or (d)) begun to be passed to the tenant.
- (5) In these Regulations, a change in circumstances resulting in a change in the rebate amount for any property, is a change in circumstances —

- 
- 
- (a) that affects the annual value for the property (including any change in use of the property and the completion of any development of the property); and
  - (b) in respect of which the Comptroller notifies the owner of the change in the rebate amount.

(6) In these Regulations, a reference to a portion of a rebate amount for any property in relation to any part of a year, is the portion of the rebate amount attributed by the Comptroller to that part of the year.

#### **Prescribed remissions**

PART 3

PRESCRIBED AMOUNT OF BENEFIT FOR PASSING ON

**Prescribed amount of benefit for passing on: general**

5.—(1) The amount of the benefit for any property which an owner of the property must pass to a tenant of the owner is determined as follows:

- (a) where the whole of the property is leased or licensed by the owner to a single tenant at a time, in accordance with —
  - (i) regulations 6(1), 8 and 9; or
  - (ii) regulations 6(3) and 9;
- (b) where a part of the property is leased or licensed by the owner to a single tenant at a time, or different parts of the property are leased or licensed to 2 or more tenants at a time, in accordance with —
  - (i) regulations 7(1) and (3), 8 and 9 in relation to every part of the property; or
  - (ii) regulations 7(6) and (8) and 9 in relation to every part of the property.

*[S 1019/2020 wef 13/05/2020]*

(2) To avoid doubt, where there is no tenant of the property as mentioned in regulation 6(3), then only paragraph (1)(a)(i) applies in relation to the property.

(3) To avoid doubt, where there is no tenant for every part of the property as mentioned in regulation 7(6), then only paragraph (1)(b)(i) applies in relation to every part of the property.

**Prescribed amount of benefit for passing on: whole property leased or licensed to single tenant**

6.—(1) Subject to paragraph (3), the amount of the benefit for any property which the owner of the property must pass to a tenant who is a lessee or licensee of the whole of the property is the total of the sums calculated for each month of the year 2020 in which the tenant is such lessee or licensee, using —

- (a) for the month of January 2020 and each subsequent month (unless sub-paragraph (b) or (c) applies to the month), the formula

$$\frac{\text{PTR}}{12} \times \frac{\text{D}}{\text{D}(\text{Month})};$$

- (b) for a month in which there is a change in circumstances resulting in a change in the rebate amount for the property, the formula

$$\left( \frac{\text{PTR}(\text{Old})}{\text{T}(\text{Old})} \times \frac{\text{D}(\text{Old})}{\text{D}(\text{Month})} \right) + \left( \frac{\text{PTR}(\text{New})}{\text{T}(\text{New})} \times \frac{\text{D}(\text{New})}{\text{D}(\text{Month})} \right); \text{ and}$$

- (c) for each subsequent month following after the month in sub-paragraph (b) (up to and including the month immediately before another month in which such change occurs), the formula

$$\frac{\text{PTR}(\text{New})}{\text{T}(\text{New})} \times \frac{\text{D}}{\text{D}(\text{Month})}.$$

- (2) For the purposes of paragraph (1) —

- (a) D is the number of days in the month for which the tenant is a lessee or licensee of the property;
- (b) D(Month) is the number of days in the month;
- (c) D(New) is the number of days in the month beginning on the day the change in circumstances occurs until the end of the month, for which the tenant is a lessee or licensee of the property;
- (d) D(Old) is the number of days in the month before the change in circumstances occurs, for which the tenant is a lessee or licensee of the property;
- (e) PTR is —
- (i) the rebate amount for the property as determined before any change in circumstances occurs; and

- 
- 
- (ii) where there is no rebate amount mentioned in sub-paragraph (i) — zero;
  - (f) PTR(New) is the portion of the rebate amount for the property for the period of T(New) that is being applied;
  - (g) PTR(Old) is the portion of the rebate amount for the property for the period of T(Old) that is being applied;
  - (h) T(New) is the period —
    - (i) between the day on which the change in circumstances to which paragraph (1)(b) is being applied occurs and the last day of the year (both days inclusive); or
    - (ii) if a change in circumstances subsequent to the change in circumstances in respect of which paragraph (1)(b) is being applied is known, between the day on which the change in circumstances in respect of which paragraph (1)(b) is being applied occurs and the day immediately before the day on which the subsequent change in circumstances occurs (both days inclusive),  
reckoned by adding to the number of whole months in that period, the fraction of any month that is at the start and the fraction of any month that is at the end of the period; and
  - (i) T(Old) is the period —
    - (i) between 1 January 2020 and the day immediately before the day on which the change in circumstances in respect of which paragraph (1)(b) is being applied occurs (both days inclusive); or
    - (ii) if there was a change in circumstances before the change in circumstances in respect of which paragraph (1)(b) is being applied, between the day on which the earlier change in circumstances occurs and the day immediately before the day on which the change in circumstances in respect of which

paragraph (1)(b) is being applied occurs (both days inclusive),

reckoned by adding to the number of whole months in that period, the fraction of any month that is at the start and the fraction of any month that is at the end of the period.

*Illustration 1*

Assume that the rebate amount for the property is \$100 for the period between 1 January 2020 and 31 December 2020 (both dates inclusive).

Tenant A has a lease for the period between 14 May 2019 and 15 May 2020 (both dates inclusive). The property is vacant until Tenant B's lease for the period between 15 August 2020 and 14 August 2021 (both dates inclusive).

The amount of the benefit to be passed to Tenant A is

$$\frac{\$100}{12} \times (1 + 1 + 1 + 1 + \frac{15}{31}) = \$37.37.$$

The amount of the benefit to be passed to Tenant B is

$$\frac{\$100}{12} \times (\frac{17}{31} + 1 + 1 + 1 + 1) = \$37.90.$$

*Illustration 2*

Assume that the rebate amount for the property is \$100 for the period between 1 January 2020 and 31 December 2020 (both dates inclusive).

Tenant C has a lease for the entire of the year 2020.

On 15 May 2020, a change in circumstances occurs, resulting in the rebate amount for the property becoming \$37.10 for the period between 1 January 2020 and 14 May 2020 (both dates inclusive), and \$75.48 for the period between 15 May 2020 and 31 December 2020 (both dates inclusive).

A subsequent change in circumstances occurs on 15 October 2020, resulting in the rebate amount becoming \$50 for the period between 15 May 2020 and 14 October 2020 (both dates inclusive), and \$19.11 for the period between 15 October 2020 and 31 December 2020 (both dates inclusive).

For January 2020 to April 2020, the amount to be passed under paragraph (1)(a) is in total —

$$\frac{\$100}{12} \times (1 + 1 + 1 + 1) = \$33.33.$$

For May 2020, the amount to be passed under paragraph (1)(b) is —

$$\left[ \frac{\$37.10}{\left(4 + \frac{14}{31}\right)} \times \frac{14}{31} \right] + \left[ \frac{\$75.48}{\left(\frac{17}{31} + 7\right)} \times \frac{17}{31} \right] = \$9.25.$$

For June 2020 to September 2020, the amount to be passed under paragraph (1)(c) is in total —

$$\frac{\$75.48}{\left(\frac{17}{31} + 7\right)} \times (1 + 1 + 1 + 1) = \$40.$$

For October 2020, the amount to be passed under paragraph (1)(b) is —

$$\left[ \frac{\$50.00}{\left(\frac{17}{31} + 4 + \frac{14}{31}\right)} \times \frac{14}{31} \right] + \left[ \frac{\$19.11}{\left(\frac{17}{31} + 2\right)} \times \frac{17}{31} \right] = \$8.63.$$

For November 2020 and December 2020, the amount to be passed under paragraph (1)(c) is in total —

$$\frac{\$19.11}{\left(\frac{17}{31} + 2\right)} \times 2 = \$15.$$

### *Illustration 3*

Assume that the rebate amount for the property is \$100 for the period between 1 January 2020 and 31 December 2020 (both dates inclusive).

Tenant C has a lease for the period between 14 May 2019 and 15 May 2020 (both dates inclusive). The property is vacant until Tenant D's lease for the period between 15 August 2020 and 14 August 2021 (both dates inclusive).

On 15 May 2020, a change in circumstances occurs, resulting in the rebate amount becoming \$37.10 for the period between 1 January 2020 and 14 May 2020 (both dates inclusive), and \$75.48 for the period between 15 May 2020 and 31 December 2020 (both dates inclusive).

A subsequent change in circumstances occurs on 15 October 2020, resulting in the rebate amount becoming \$50 for the period between 15 May 2020 and 14 October 2020 (both dates inclusive) and \$19.11 for the period between 15 October 2020 and 31 December 2020 (both dates inclusive).

The amount of the benefit to be passed to Tenant C is the total of the following:

- (a) for January 2020 to April 2020 under paragraph (1)(a) — \$33.33;
- (b) for May 2020 under paragraph (1)(b) —

$$\left[ \frac{\$37.10}{\left(4 + \frac{14}{31}\right)} \times \frac{14}{31} \right] + \left[ \frac{\$75.48}{\left(\frac{17}{31} + 7\right)} \times \frac{1}{31} \right] = \$4.09.$$

The amount of the benefit to be passed to Tenant D is the total of the following:

(a) for August 2020 and September 2020 under paragraph (1)(c) —

$$\frac{\$75.48}{\left(\frac{17}{31} + 7\right)} \times \left( \frac{17}{31} + 1 \right) = \$15.48;$$

(b) for October 2020 under paragraph (1)(b) —

$$\left[ \frac{\$50.00}{\left(\frac{17}{31} + 4 + \frac{14}{31}\right)} \times \frac{14}{31} \right] + \left[ \frac{\$19.11}{\left(\frac{17}{31} + 2\right)} \times \frac{17}{31} \right] = \$8.63;$$

(c) for November 2020 and December 2020 under paragraph (1)(c) —

$$\frac{\$19.11}{\left(\frac{17}{31} + 2\right)} \times 2 = \$15.$$

(3) Despite paragraph (1) and subject to regulation 5(2), the owner may instead of passing the amount of the benefit for the property in accordance with paragraph (1), pass the whole of the rebate amount for the property to —

- (a) the tenant who is a lessee or licensee of the property on 3 April 2020; or
- (b) if there is no tenant as mentioned in sub-paragraph (a) for the property, the first tenant who is a lessee or licensee of the property in the period between 4 April 2020 and 31 July 2020 (both dates inclusive).

### **Prescribed amount of benefit for passing on: part of property leased or licensed to tenant**

7.—(1) Subject to paragraphs (3) and (6), the amount of the benefit for any property which the owner of the property must pass to a tenant who is a lessee or licensee of a part of the property is the total of the sums calculated for each month of the year 2020 in which the tenant is such lessee or licensee, using the formula

---

---

$$\text{NR} \times 10\% \times \text{PTR}(\%) \times \frac{\text{D}}{\text{D}(\text{Month})}.$$

(2) For the purposes of paragraph (1) —

- (a) D is the number of days in the month for which the tenant is a lessee or licensee of the part of the property;
- (b) D(Month) is the number of days in the month;
- (c) NR is the net rent payable by the tenant for the part of the property for the month; and
- (d) PTR(%) is the rate of the prescribed remission for the part of the property.

(3) Despite paragraph (1), where for any month (called in this regulation the subject month) —

- (a) the total of the amounts determined under that paragraph for every tenant who is a lessee or licensee of any part of the property in the subject month (each called in this regulation a subject tenant); and
- (b) the total of the amounts determined under that paragraph for every specified lessee and specified licensee of the property for all past months on and after January 2020,

would together exceed the rebate amount for the property, then the amount of that rebate amount less the total of the amounts mentioned in sub-paragraph (b) (called in this regulation the remaining amount), is to be passed for the subject month as follows:

- (c) if there is more than one subject tenant — to each subject tenant on a proportionate basis;
- (d) if there is only one subject tenant — to the subject tenant in whole.

- (4) For the purposes of paragraph (3) —
- (a) subject to sub-paragraph (b), the rebate amount for the property is the rebate amount for the property as determined in the subject month; and
  - (b) if there is a change in circumstances in the subject month resulting in a change in the rebate amount, then the rebate amount for the property is the rebate amount for the property as determined upon the change in circumstances.
- (5) For the purposes of paragraph (3)(c), the amount of the remaining amount to be passed to a subject tenant on a proportionate basis is the proportion of the remaining amount which the amount determined under paragraph (1) for the subject tenant for the subject month bears to the sum total of all amounts determined under paragraph (1) for all subject tenants for the subject month.

*Illustration*

Assume that the rebate amount for the property with 2 tenants is \$500 for the period between 1 January 2020 and 31 December 2020 (both dates inclusive).

Tenant A has a lease for a part of the property for the period between 1 January 2020 and 20 May 2020 (both dates inclusive). The net rent for Tenant A is the same for each month and the amount calculated under paragraph (1) for Tenant A is \$110 for each month.

Tenant B has a lease for another part of the property for the period between 1 January 2020 and 31 July 2020 (both dates inclusive). The net rent for Tenant B is the same for each month and the amount calculated under paragraph (1) for Tenant B is \$90 each month.

For March 2020, the rebate amount for the property remaining to be passed to Tenant A and Tenant B would be

$$\$500 - \$[(110 + 90) + (110 + 90)] = \$100.$$

If the amount calculated using paragraph (1) for Tenant A for March 2020 is “X” and the amount calculated using paragraph (1) for Tenant B for March 2020 is “Y”, then the amount to be passed to Tenant A is

$$\$100 \times \left( \frac{X}{X+Y} \right),$$

---

---

and the amount to be passed to Tenant B is

$$\$100 \times \left( \frac{Y}{X+Y} \right).$$

(6) Despite paragraphs (1) and (3) and subject to paragraph (8) and regulation 5(3), the owner may instead of passing the benefit for the property in relation to any part of the property in accordance with paragraphs (1) and (3), pass —

- (a) where the prescribed remission for the part is 100% or 60% of the property tax for the part — an amount that is not less than the amount calculated using the formula  $1.2 \times AR$ ; and
- (b) where the prescribed remission for the part is 30% of the property tax for the part — an amount that is not less than the amount calculated using the formula  $0.36 \times AR$ ,

to —

- (c) the tenant of the part of the property on 3 April 2020; or
- (d) if there is no tenant as mentioned in sub-paragraph (c) for the part of the property, the first tenant of that part in the period between 4 April 2020 and 31 July 2020 (both dates inclusive).

(7) For the purposes of paragraph (6) —

- (a) AR is the average net rent payable by the tenant per month for the part of the tenant's lease or licence that falls in the period between 1 January 2020 and the last day of the month immediately before the month in which the owner passes or begins to pass the benefit (both days inclusive); and
- (b) if the duration of the lease or licence in the period between 1 January 2020 and the last day of the month immediately before the month in which the owner passes or begins to pass the benefit (both days inclusive) is less than one month, the net rent payable for that part of the month must be used to determine a proportionate amount for the whole

month, which is then to be treated as the average net rent per month for the period.

(8) Where the sum total of the amounts determined for all such tenants of the property under paragraph (6)(a) or (b) would exceed the rebate amount for the property, then the benefit must be passed to those tenants on a proportionate basis.

(9) For the purposes of paragraph (8) —

(a) subject to sub-paragraph (b), the rebate amount for the property is the rebate amount for the property as determined in the month in which the benefit is being passed; and

(b) if there is a change in circumstances in the month in question resulting in a change in the rebate amount, then the rebate amount for the property is the rebate amount for the property as determined upon the change in circumstances.

(10) For the purposes of paragraph (8), the benefit to be passed to a tenant on a proportionate basis is the proportion of the benefit which the amount determined under paragraph (6) for the tenant bears to the sum total of all such amounts determined under paragraph (6) for all tenants.

#### *Illustration*

Assume the rebate amount for the property with 2 tenants is \$500 for the period between 1 January 2020 and 31 December 2020 (both dates inclusive).

The amount calculated under paragraph (6)(a) for Tenant A is \$300 and the amount calculated under paragraph (6)(a) for Tenant B is \$250.

The amount to be passed to Tenant A is

$$\$500 \times \left( \frac{300}{300 + 250} \right),$$

and the amount to be passed to Tenant B is

$$\$500 \times \left( \frac{250}{300 + 250} \right).$$

**Prescribed amount of benefit for passing on: portion of benefit of specified lessee or specified licensee that left before 3 April 2020**

8.—(1) This regulation applies where the lease of a specified lessee or licence of a specified licensee for the whole or any part of any property to which any prescribed remission relates, ended on or after 1 January 2020 but before 3 April 2020.

(2) The owner of the property must determine the total of the amounts which would have been required to be passed under regulation 6(1) or 7(1) (and (3)) (as the case may be) to all specified lessees and specified licensees mentioned in paragraph (1) (had they remained lessees or licensees on 3 April 2020), and pass that total to each eligible tenant of the owner in the proportion which the period of the lease or licence of the eligible tenant in the specified period, bears to the total of all such periods of all eligible tenants.

(3) The obligation of the owner under paragraph (2) is in addition to the obligations of the owner under regulation 6(1) or 7(1) (and (3)) (as the case may be) (but not under regulation 6(3) or 7(6)).

(4) In this regulation —

“eligible tenant” means a tenant of the whole or any part of the property for a period that falls wholly or partly in the specified period;

“specified period” means the period between 3 April 2020 and 30 June 2020 (both dates inclusive).

*Illustration*

Assume that a property is wholly leased to a single specified lessee at a time.

Lessee Z has a lease for the property for the period between 1 January 2020 and 31 March 2020 (both dates inclusive).

The rebate amount for the property is \$2,000 for the period between 1 January 2020 and 31 December 2020 (both dates inclusive).

Using the formula in regulation 6(1)(a), the amount of the benefit which would have had to be passed to Lessee Z for the period between 1 January 2020 and 31 March 2020 (both dates inclusive) had Lessee Z remained a lessee on 3 April 2020, is

$$\frac{\$2,000}{12} \times (1 + 1 + 1) = \$500.$$

Tenant A has a lease for the property for the period between 15 April 2020 and 31 May 2020 (both dates inclusive).

Tenant B has a lease for the property for the period between 20 June 2020 and 31 October 2020 (both dates inclusive).

Tenant C has a lease for the property for the period between 1 November 2020 and 31 October 2021 (both dates inclusive).

The amount to be passed to Tenant A is

$$\frac{16 + 31}{(16 + 31) + 11} \times \$500.$$

The amount to be passed to Tenant B is

$$\frac{11}{(16 + 31) + 11} \times \$500.$$

No amount needs to be passed to Tenant C as Tenant C is not an eligible tenant.

### **Prescribed amount of benefit for passing on: increase in rebate amount resulting from change in circumstances**

9.—(1) This regulation applies where —

- (a) an owner of property has passed or begun to pass to a tenant of the owner the benefit or any part of the benefit for the property on the basis of a certain rebate amount for the property (called in this regulation the old rebate amount);
- (b) the Comptroller subsequently notifies the owner of an increase in rebate amount as a result of a change in circumstances that occurred in the year 2020 (called in this regulation the new rebate amount); and
- (c) the benefit or part of the benefit mentioned in paragraph (a) would have been more, if it had been determined on the basis of the new rebate amount.

- 
- 
- (2) The owner must pass to the tenant —
- (a) where the amount of the benefit already passed or begun to be passed was determined under regulation 6(3) or 7(6) and (8) based on the old rebate amount, the difference between —
    - (i) the amount that the owner would have passed or begun to pass to the tenant had the rebate amount been the new rebate amount; and
    - (ii) the amount passed or begun to be passed to the tenant based on the old rebate amount; and
  - (b) where the amount of the benefit already passed or begun to be passed was determined under regulation 6(1), 7(1) and (3) or 8 based on the old rebate amount in relation to any period, the difference between —
    - (i) the amount that the owner would have passed or begun to pass to the tenant in relation to that period had the rebate amount been the new rebate amount for that period; and
