In exercise of the powers conferred by section 72 of the Health Products Act 2007 read with regulation 1(l) of the Second Schedule thereto, the Health Sciences Authority, with the approval of the Minister for Health, hereby makes the following Regulations:

PART I

PRELIMINARY

Citation and commencement

1. These Regulations may be cited as the Health Products (Cosmetic Products — ASEAN Cosmetic Directive) Regulations 2007 and shall come into operation on 1st January 2008.

Definitions

2.—(1) In these Regulations, unless the context otherwise requires —

"cosmetic product" means a cosmetic product as specified and described in the First Schedule to the Act.

[S 9/2023 wef 01/02/2023]

[Deleted by S 9/2023 wef 01/02/2023] [Deleted by S 9/2023 wef 01/02/2023]

(2) For the purposes of these Regulations, the person responsible for placing a cosmetic product in the market is the person in Singapore who is instrumental in causing the cosmetic product to be available for sale in Singapore.

Application

- 3. These Regulations shall not apply to a cosmetic product that is
 - (a) imported into Singapore solely for re-export; or
 - (b) manufactured in Singapore solely for export.

PART II

SUPPLY OF COSMETIC PRODUCTS

Duty to notify Authority of supply of cosmetic products

- **4.**—(1) A person responsible for placing a cosmetic product in the market shall not
 - (a) where no prior notification has been submitted for that cosmetic product
 - (i) begin to supply that cosmetic product, or cause that cosmetic product to be supplied on his behalf, in Singapore; or
 - (ii) continue to supply that cosmetic product, or cause that cosmetic product to be supplied on his behalf, in Singapore,

unless he has notified the Authority of his intention to do so; or

(b) where a prior notification has been submitted for that cosmetic product, continue to supply that cosmetic product, or cause that cosmetic product to be supplied on his behalf, in Singapore after the expiry of one year beginning from the most recent notification made under this paragraph in respect of that cosmetic product, unless he has submitted a further notification under this paragraph to the Authority of his intention to continue doing so.

[S 9/2023 wef 01/02/2023]

- (2) A notification for the purposes of paragraph (1) shall be submitted to the Authority in such form and manner as the Authority may require and shall be accompanied by
 - (a) such particulars, information, documents and samples of the cosmetic product as the Authority may require;
 - (b) if required by the Authority, a statutory declaration by the applicant verifying any information contained in or related to the notification; and

(c) the appropriate fee specified in the Health Products (Fees) Regulations 2022 (G.N. No. S 450/2022).

[S 453/2022 wef 01/07/2022]

(2A) A person (other than a person mentioned in paragraph (1)) must not supply a cosmetic product in Singapore (called in this regulation an un-notified cosmetic product) if a notification for the purposes of paragraph (1) for the un-notified cosmetic product has not been submitted by the person responsible for placing that cosmetic product in the market to the Authority in accordance with paragraph (2).

[S 9/2023 wef 01/02/2023]

(3) Any person who contravenes paragraph (1) or (2A) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$20,000 or to imprisonment for a term not exceeding 12 months or to both.

[S 9/2023 wef 01/02/2023]

- (4) Any person who, in submitting a notification for the purposes of paragraph (1)
 - (a) makes any statement or furnishes any document which he knows to be false or does not believe to be true; or
 - (b) by the intentional suppression of any material fact, furnishes information which is misleading,

shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$20,000 or to imprisonment for a term not exceeding 12 months or to both.

- (5) This regulation shall not apply to
 - (a) a cosmetic product that is supplied solely as a sample in connection with any advertising, sponsorship or promotional activity;
 - (aa) a cosmetic product that is supplied solely by the transfer of possession as a gift;

[S 9/2023 wef 01/02/2023]

(b) a cosmetic product that is supplied solely for testing or trial use in connection with any research or development of that product; or

- (c) a cosmetic product that is manufactured by or in accordance with the specifications of a medical practitioner, and supplied solely by that medical practitioner for the use of patients under his care.
- **5.** [Deleted by S 9/2023 wef 01/02/2023]

Contents of cosmetic products

- **6.**—(1) A cosmetic product shall not contain any substance that is listed in Part I of the Third Schedule unless the presence of such substance
 - (a) is in trace amount;
 - (b) is technically unavoidable in good manufacturing practice; or
 - (c) where applicable, is in compliance with the conditions specified in that Part of that Schedule.

[S 9/2023 wef 01/02/2023]

- (2) A cosmetic product shall not contain any substance that is listed in the second column of Part II of the Third Schedule unless
 - (a) the cosmetic product is of a type listed in the third column of that Part of that Schedule;
 - (b) the substance as contained in the cosmetic product does not exceed the appropriate limit as specified in the fourth column of that Part of that Schedule; and
 - (c) the cosmetic product complies with the other relevant requirements as specified in the fifth column of that Part of that Schedule.

[S 9/2023 wef 01/02/2023]

- (3) A cosmetic product, other than a cosmetic product intended solely to colour hair, shall not contain any colouring agent unless the colouring agent
 - (a) is listed in Part III of the Third Schedule; and
 - (b) is contained in the cosmetic product in accordance with the requirements as specified in that Part of that Schedule.

 [S 9/2023 wef 01/02/2023]

- (4) A cosmetic product shall not contain any preservative unless
 - (a) the preservative is listed in the second column of Part IV of the Third Schedule;
 - (b) the preservative as contained in the cosmetic product does not exceed the appropriate limit as specified in the third column of that Part of that Schedule; and
 - (c) the cosmetic product complies with the other relevant requirements as specified in the fourth column of that Part of that Schedule.

[S 9/2023 wef 01/02/2023]

- (5) A cosmetic product shall not contain any ultraviolet filter unless
 - (a) the ultraviolet filter is listed in the second column of Part V of the Third Schedule;
 - (b) the ultraviolet filter as contained in the cosmetic product does not exceed the appropriate limit as specified in the third column of that Part of that Schedule; and
 - (c) the cosmetic product complies with the other relevant requirements as specified in the fourth column of that Part of that Schedule.

[S 9/2023 wef 01/02/2023]

- (6) [Deleted by S 9/2023 wef 01/02/2023]
- (7) For the purposes of section 2 (2)(d)(iv) of the Act, a cosmetic product that does not comply with paragraph (1), (2), (3), (4) or (5) shall be considered to be an unwholesome cosmetic product.

[S 9/2023 wef 01/02/2023]

Labelling of cosmetic products

- 7.—(1) For the purposes of section 18(1) of the Act, no person shall supply any cosmetic product unless the cosmetic product has a label that sets out the following information:
 - (a) the name of the cosmetic product;
 - (b) the function of the cosmetic product, except when it is clear from the presentation of the cosmetic product;

- (c) the instructions on the use of the cosmetic product, except when it is clear from the name or presentation of the cosmetic product;
- (d) the list of all the ingredients in the cosmetic product, with the exception of the following substances:
 - (i) impurities in the raw materials used;
 - (ii) subsidiary technical materials used in the preparation of the cosmetic product but not present in the final product; or
 - (iii) materials used in the manufacture of the cosmetic product in strictly necessary quantities as solvents, or as carriers for perfume and aromatic compositions;
- (e) the weight or volume of the cosmetic product contained in the immediate container or package, expressed in metric system;
- (f) the batch number given by the person who manufactured the cosmetic product to the batch of which it forms a part;
- (g) the name and address in Singapore of the person responsible for placing the cosmetic product in the market;
- (h) the name of the country where the cosmetic product was manufactured;
- (i) any special precautions to be observed when using the cosmetic product, or special precautionary information in accordance with any requirements specified in Parts II, IV and V of the Third Schedule which are relevant to that cosmetic product;
- (j) the date of expiry of the cosmetic product where the cosmetic product has an expected period of durability of less than 30 months between the date of its manufacture and the date of its expiry; and
- (k) the date on which the cosmetic product was manufactured, except when the expiry date of the cosmetic product has been specified on the label.

- (2) [Deleted by S 9/2023 wef 01/02/2023]
- (3) The information specified in paragraph (1) shall appear in the following manner:
 - (a) where the cosmetic product has an outer packaging, the information shall appear on the outer packaging of the cosmetic product;
 - (b) where the cosmetic product does not have an outer packaging, the information shall appear on the immediate container or package of the cosmetic product; and
 - (c) where the size, shape or nature of the container or package does not permit all the information specified in that paragraph to be displayed, the information may appear in a leaflet that accompanies the product or on a display panel placed together with the product, provided at least the information specified in paragraph (1)(a) and (f) shall appear on the immediate container or package.
- (4) The list of ingredients specified in paragraph (1)(d) shall appear in the following manner:
 - (a) where an ingredient appears in the latest edition of any of the standard references listed in the Fourth Schedule, that ingredient shall be named according to the nomenclature in that standard reference, except for
 - (i) any perfume or aromatic composition, which may be referred to by the term "perfume", "fragrance", "aroma" or any other similar term; and
 - (ii) any flavouring, which may be referred to by the term "flavour" or any other similar term; and
 - (b) the ingredients shall be listed in descending order by weight, except for
 - (i) ingredients, other than colouring agents, present in concentrations of less than 1% (by weight), which may be listed in any order by weight after those

- ingredients present in concentrations of 1% or more; and
- (ii) colouring agents, which may be listed in any order after the other ingredients.
- (5) All information on the label of a cosmetic product shall be provided in the English language, but nothing in this paragraph shall prevent such information from being provided in any other language as well.
- (6) All numbers, letters and symbols used in providing the information on the label of a cosmetic product shall be printed in such a manner as to be legible, permanent, indelible and prominent.
- (7) If a symbol or code (whether in the form of a colour or otherwise) is used in providing the information on the label of a cosmetic product, an explanation of the symbol or colour shall be provided.

Misleading labelling

- **8.** For the purposes of section 18(1) of the Act, no person shall supply any cosmetic product with a label which contains any statement, trademark, picture or other sign
 - (a) to the effect, whether directly or indirectly, that the supply or use of the cosmetic product is being promoted or endorsed by the Authority; or
 - (b) that is likely to create an erroneous impression regarding the formulation, composition, quality or safety of the cosmetic product.

PART III

ADVERTISEMENT OF COSMETIC PRODUCTS

Advertisement of cosmetic products

9. For the purposes of section 21(1) of the Act, no person shall advertise any cosmetic product or cause any cosmetic product to be advertised —

- (a) with any claim, whether expressly or by implication, that the cosmetic product has a therapeutic benefit or can be used for a therapeutic purpose; or
- (b) with any claim which is likely to create an erroneous impression regarding the formulation, composition, quality or safety of the cosmetic product.

PART IV

ADDITIONAL DUTIES AND OBLIGATIONS

Duty to maintain records of supply

- **10.**—(1) The person responsible for placing a cosmetic product in the market shall
 - (a) keep records of any supply of the cosmetic product, whether supplied by him or supplied on his behalf in Singapore; and
 - (b) produce such records for inspection by the Authority or an enforcement officer as and when required by the Authority or enforcement officer.
 - (2) The records referred to in paragraph (1) shall
 - (a) contain the following information:
 - (i) the name and notification number of the cosmetic product that was supplied;
 - (ii) the date on which the cosmetic product was so supplied;
 - (iii) the name and address of the person to whom the cosmetic product was so supplied;
 - (iv) the quantity of the cosmetic product so supplied; and
 - (v) the identification number or mark (including the control number, lot number, batch number or serial number) of the cosmetic product so supplied; and

- (b) be retained by the person responsible for placing the cosmetic product in the market for a period of 2 years after the date on which the cosmetic product is so supplied.
- (3) Any person who contravenes paragraph (1) or (2) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$10,000 or to imprisonment for a term not exceeding 6 months or to both.
- (4) Any person who, in compliance or purported compliance with paragraph (1)(b), furnishes the Authority or an enforcement officer with any record which he knows is false or misleading shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$20,000 or to imprisonment for a term not exceeding 12 months or to both.

Reporting of defects and adverse effects to Authority

- 11.—(1) If the person responsible for placing a cosmetic product in the market becomes aware of any event or other occurrence that concerns any adverse effect arising from the use of the cosmetic product, he shall
 - (a) if the adverse effect has caused death or is life-threatening
 - (i) inform the Authority of the event or occurrence no later than 7 days after the supplier first becomes aware of the event or occurrence; and
 - (ii) submit a detailed report on the event or occurrence to the Authority within 8 days after the initial report made under sub-paragraph (*i*); or
 - (b) if the adverse effect has resulted in any person being hospitalised or has caused any persistent or significant disability or incapacity in any person, submit a detailed report on the event or occurrence to the Authority no later than 15 days after the supplier first becomes aware of the event or occurrence.

- (2) If the person responsible for placing a cosmetic product in the market becomes aware of any event or other occurrence that reveals any defect in the cosmetic product, he shall
 - (a) if the defect may cause death or may be life-threatening
 - (i) inform the Authority of the event or occurrence no later than 7 days after the supplier first becomes aware of the event or occurrence; and
 - (ii) submit a detailed report on the event or occurrence to the Authority within 8 days after the initial report made under sub-paragraph (i); or
 - (b) if the defect may result in any person being hospitalised or may cause any persistent or significant disability or incapacity in any person, submit a detailed report on the event or occurrence to the Authority no later than 15 days after the supplier first becomes aware of the event or occurrence.
- (3) The reports referred to in paragraph (1) or (2) shall be in such form and manner, and shall contain such information in relation to the adverse effect or defect, as the Authority may require.
 - (4) Any person who
 - (a) fails to comply with paragraph (1) or (2); or
 - (b) in compliance or purported compliance with paragraph (1) or (2), furnishes the Authority with any information or report which he knows is false or misleading,

shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$20,000 or to imprisonment for a term not exceeding 12 months or to both.

1390	2,2'-((3,3',5,5'-Tetramethyl-(1,1'-biphenyl)-4,4'-diyl)-bis(oxymethylene))-bis-oxirane
1392	1-Cyclopropyl-6,7-difluoro-1,4-dihydro-4-oxoquinoline-3-carboxylic acid
1394	Diboron trioxide; boric oxide
1400	Dibutyltin hydrogen borate
1401	Nickel bis(tetrafluoroborate)
1402	Mancozeb (ISO); manganese ethylenebis(dithiocarbamate) (polymeric) complex with zinc salt
1403	Maneb (ISO); manganese ethylenebis(dithiocarbamate) (polymeric)
1404	Benfuracarb (ISO); ethyl N-[2,3-dihydro-2,2-dimethylbenzofuran-7-yloxycarbonyl(methyl)aminothiol]-N-isopropyl-\(\beta\)-alaninate
1405	O-Isobutyl-N-ethoxy carbonylthiocarbamate
1406	Chlorpropham (ISO); isopropyl 3-chlorocarbanilate
1407	O-Hexyl-N-ethoxycarbonylthiocarbamate
1408	Hydroxylammonium nitrate
1409	(4-Ethoxyphenyl)(3-(4-fluoro-3-phenoxyphenyl)propyl) dimethylsilane

1410	Phoxim (ISO); a-(diethoxy-phosphinothioylimino) phenylacetonitrile
1411	Glufosinate ammonium (ISO); ammonium 2-amino-4- (hydroxymethylphosphinyl)butyrate
1412	Reaction mass of: dimethyl (2-(hydroxymethylcarbamoyl)ethyl) phosphonate; diethyl (2-(hydroxymethylcarbamoyl)ethyl) phosphonate; methyl ethyl(2-(hydroxymethylcarbamoyl)ethyl) phosphonate
1413	(4-Phenylbutyl)phosphinic acid
1414	Reaction mass of: 4,7-bis(mercaptomethyl)-3,6,9-trithia-1,11-undecanedithiol; 4,8-bis(mercaptomethyl)-3,6,9-trithia-1,11-undecanedithiol; 5,7-bis(mercaptomethyl)-3,6,9-trithia-1,11-undecanedithiol
1415	Potassium titanium oxide (K2Ti6O13)
1416	Cobalt di(acetate)
1417	Cobalt dinitrate
1418	Cobalt carbonate
1419	Nickel dichloride
1420	Nickel dinitrate; Nitric acid, nickel salt
1421	Nickel matte
1422	Slimes and sludges, copper electrolytic refining, decopperised, nickel sulfate
1423	Slimes and sludges, copper electrolyte refining, decopperised
1424	Nickel diperchlorate; perchloric acid, nickel(II) salt
1425	Nickel dipotassium bis(sulfate) [1]; Diammonium nickel bis(sulfate) [2]
1426	Nickel bis(sulfamidate); nickel sulfamate
1429	Nickel di(acetate) [1]; Nickel acetate [2]
1430	Nickel dibenzoate
1431	Nickel bis(4-cyclohexylbutyrate)
1432	Nickel(II) stearate; nickel(II) octadecanoate
1433	Nickel dilactate
1434	Nickel(II) octanoate

1435	Nickel difluoride [1]; Nickel dibromide [2]; Nickel diiodide [3]; Nickel potassium fluoride [4]
1436	Nickel hexafluorosilicate
1437	Nickel selenate
1438	Nickel hydrogen phosphate [1]; Nickel bis(dihydrogen phosphate) [2]; Trinickel bis(orthophosphate) [3]; Dinickel diphosphate [4]; Nickel bis(phosphinate) [5]; Nickel phosphinate [6]; Phosphoric acid, calcium nickel salt [7]; Diphosphoric acid, nickel(II) salt [8]
1439	Diammonium nickel hexacyanoferrate
1440	Nickel dicyanide
1441	Nickel chromate
1442	Nickel(II) silicate [1]; Dinickel orthosilicate [2]; Nickel silicate (3:4) [3]; Silicic acid, nickel salt [4]; Trihydrogen hydroxybis [orthosilicato(4-)]trinickelate(3-) [5]
1443	Dinickel hexacyanoferrate
1444	Trinickel bis(arsenate); nickel(II) arsenate
1445	Nickel oxalate [1]; Oxalic acid, nickel salt [2]
1446	Nickel telluride
1447	Trinickel tetrasulfide
1448	Trinickel bis(arsenite)
1449	Cobalt nickel gray periclase; C.I. Pigment Black 25; C.I. 77332 [1]; Cobalt nickel dioxide [2]; Cobalt nickel oxide [3]; Nickel arsenide [2]
1450	Nickel tin trioxide; nickel stannate
1451	Nickel triuranium decaoxide
1452	Nickel dithiocyanate
1453	Nickel dichromate
1454	Nickel(II) selenite
1455	Nickel selenide
1456	Silicic acid, lead nickel salt
1464	Cobalt lithium nickel oxide
1465	Molybdenum trioxide

¹Definition of "animal products":

- 1. Category 1 material comprises the following animal by-products:
 - (a) entire bodies and all body parts, including hides and skins, of the following animals:
 - (i) animals suspected of being infected by a Transmissible Spongiform Encephalopathy (TSE) or in which the presence of a TSE has been officially confirmed;
 - (ii) animals killed in the context of TSE eradication measures:
 - (iii) animals other than farmed and wild animals, including in particular pet animals, zoo animals and circus animals;
 - (iv) animals used for experiments;
 - (v) wild animals, when suspected of being infected with diseases communicable to humans or animals;
 - (b) the following material:
 - (i) specified risk material;
 - (ii) entire bodies or parts of dead animals containing specified risk material at the time of disposal;
 - (c) animal by-products derived from animals which have been submitted to illegal treatment:
 - (d) animal by-products containing residues of other substances and environmental contaminants, if such residues exceed the permitted level laid down by any written law:
 - (e) animal by-products collected during the treatment of waste water
 - (i) from establishments or plants processing Category 1 material; or
 - (ii) from other establishments or plants where specified risk material is being removed;
 - (f) catering waste from means of transport operating internationally;
 - (g) mixtures of Category 1 material with either Category 2 material or Category 3 material, or both.
- 2. Category 2 material comprises the following animal by-products:
 - (a) manure, non-mineralised guano and digestive tract content;
 - (b) animal by-products collected during the treatment of waste water
 - (i) from establishments or plants processing Category 2 material; or
 - (ii) from slaughterhouses other than those specifically approved;

- (c) animal by-products containing residues of authorised substances or contaminants exceeding the permitted levels laid down by any written law;
- (d) products of animal origin which have been declared unfit for human consumption due to the presence of foreign bodies in those products;
- (e) animals and parts of animals
 - (i) that died other than by being slaughtered or killed for human consumption, including animals killed for disease control purposes;
 - (ii) that are fetuses;
 - (iii) that are oocytes, embryos and semen; and
 - (iv) that are dead-in-shell poultry;
- (f) mixtures of Category 2 material with Category 3 material;
- (g) animal by-products other than Category 1 material or Category 3 material;
- 3. Category 3 material comprises animal by-products other than those described in Category 1 or Category 2, including
 - (a) bristles;
 - (b) feathers;
 - (c) ruminants which have been tested for TSE, with a negative result;
 - (d) blood, placenta, wool, feathers, hair, horns, hoof cuts and raw milk originating from live animals that did not show any signs of disease communicable through that product to humans or animals;
 - (e) aquatic animals, and parts of such animals, except sea mammals, which did not show any signs of disease communicable to humans or animals;
 - (f) animal by-products from aquatic animals originating from establishments or plants manufacturing products for human consumption;
 - (g) the following material originating from animals which did not show any signs of disease communicable through that material to humans or animals:
 - (i) shells from shellfish with soft tissue or flesh;
 - (ii) the following originating from terrestrial animals:
 - (A) hatchery by-products;
 - (B) eggs;
 - (C) egg by-products, including egg shells;
 - (h) aquatic and terrestrial invertebrates other than species pathogenic to humans or animals;

where:

"Animal by-products" means entire bodies or parts of animals, products of animal origin or other products obtained from animals, which are not intended for human consumption, including oocytes, embryos and semen;

"Derived products" means products obtained from one or more treatments, transformations or steps of processing of animal by-products.

¹ These substances may be used singly or in combination provided that the sum of the ratios of the levels of each of them in the cosmetic product expressed with reference to the maximum level authorised for each of them does not exceed 1.

² Only if the concentration exceeds 0.05%.

³ The quantity of sodium, potassium or lithium hydroxide is expressed as weight of sodium hydroxide. In cases of mixtures, the sum should not exceed the limits specified in the fourth column.

⁴ For other uses of Potassium hydroxide, see reference number 15d of this Part.

⁵ For other uses of Potassium hydroxide, see reference number 15a of this Part.

⁶ For all toothpaste containing 0.1-0.15% fluoride unless it is already labelled as contra-indicated for children (e.g. for adult use only). Must also carry 6mm diameter solid circle between the words "pea size" and "amount" to indicate actual amount to be used.

- 7 Solely for products which might be used for children under 3 years of age and which remain in prolonged contact with the skin.
- 8 The free base and salts of this hair colouring ingredient, unless prohibited under Part I, are permitted for use.
- 9 Labeling mandatory for products containing Glycolic and/or Lactic acids at a concentration ≥ 2.5% and do not contain a sunscreen. Not required for products that are intended to be applied to non sun exposed areas of the body, contain a sunscreen or a lower concentration of AHA.

PART III

LIST OF COLOURING AGENTS ALLOWED FOR USE IN COSMETIC PRODUCTS

- 1. Lakes or salts of these colouring agents using substances not prohibited under Part I are equally allowed.
- 2. The insoluble barium, strontium and zirconium lakes, salts and pigments of the colouring agents marked (#) shall also be permitted. They must pass the test for insolubility which will be determined by the procedure laid down in Article 9 of ASEAN Cosmetic Directive.

List of Colouring Agents Allowed

Colour Index Number or Denomination	Colour	Field of application and other limitations and requirements
10006	Green	Allowed only in cosmetic products that are intended to come into contact only briefly with the skin
10020	Green	Allowed only in cosmetic products that are not intended to come into contact with the mucous membranes

PART IV

LIST OF PRESERVATIVES WHICH COSMETIC PRODUCTS MAY CONTAIN

PART IV

PREAMBLE

- 1. Preservatives are substances which may be added to cosmetic products for the primary purpose of inhibiting the development of micro-organisms in such products.
- 2. The substances marked with the symbol (+) may also be added to cosmetic products in concentration other than those laid down in this Part for other purposes apparent from the presentation of the products, e.g. as deodorants in soaps or as anti-dandruff agents in shampoos.
- 3. Other substances used in the formulation of cosmetic products may also have anti-microbial properties and thus help in the preservation of the products, as, for instance, many essential oils and some alcohols. These substances are not included in this Part.
 - 4. For the purposes of this Part:
- "Salts" is taken to mean: salts of the cations sodium, potassium, calcium, magnesium, ammonium, and ethanolamines; salts of the anions chloride, bromide, sulphate, acetate.
- "Esters" is taken to mean: esters of methyl, ethyl, propyl, isopropyl, butyl, isobutyl, phenyl.
- 5. All finished products containing formaldehyde or substances in this Part and which release formaldehyde (Entries 20, 21, 27, 30, 31, 33, 46, 49, 51 and 55) must be labelled with the warning "Contains formaldehyde." where the concentration of formaldehyde in the finished product exceeds 0.05%.

PART V

LIST OF UV FILTERS WHICH COSMETIC PRODUCTS MAY CONTAIN

1. For the purpose of the ASEAN Cosmetic Directive, UV filters are substances which, contained in cosmetic sunscreen products, are specifically intended to filter certain UV rays in order to protect the skin from certain harmful effects of these rays.

² Solely for products which might be used for children under 3 years of age and which remain in prolonged contact with the skin.

³ For non-preservative usage, see reference number 101, Part II.

⁴ For non-preservative usage, see reference number 99, Part II.

⁵ For non-preservative usage, see reference number 100, Part II.

⁶ For non-preservative usage, see reference number 45, Part II.

Methylisothiazolinone is also regulated under reference number 57 of this Part. The 2 entries are mutually exclusive: the use of the mixture of Methylchloroisothiazolinone and Methylisothiazolinone is incompatible with the use of Methylisothiazolinone alone in the same product.

 $^{^{8}\,}$ For non-preservative usage, see reference number 54, Part II.

⁹ For non-preservative usage, see reference number 287, Part II.

For non-preservative usage, see reference number 286, Part II.

¹¹ For non-preservative usage, see reference number 65, Part II.

¹² Solely for products (other than bath products, shower gels and shampoos) which might be used for children under 3 years of age.

¹³ Concerns any product aimed to be applied on a large part of the body.

¹⁴ Solely for products which might be used for children under 3 years of age.

¹⁵ Methylisothiazolinone is also regulated under reference number 39 of this Part in a mixture with Methylchloroisothiazolinone. The 2 entries are mutually exclusive: the use of the mixture of Methylchlorothiazolinone and Methylisothiazolinone is incompatible with the use of Methylisothiazolinone alone in the same product.

¹⁶ For non-preservative usage, see reference number 207, Part II,

- 2. These UV filters may be added to other cosmetic products within the limits and under the conditions laid down in this Part.
- 3. Other UV filters used in cosmetic products solely for the purpose of protecting the product against UV rays are not included in this list.
- 4. The following warning must be printed on the label of every cosmetic sunscreen product that is primarily for the purpose of sun protection:

"Do not stay too long in the sun, even while using a sunscreen product.".
