### **Waiver**

**32.** The Disciplinary Tribunal may, in any particular case, waive all or any of the requirements in regulations 27(2)(d) and 30.

### **Medical Council may consent to amendment, etc., of charges**

**33.—(1)** The Medical Council shall consider any representations received from a practitioner or his counsel in respect of any charge framed against him and may, if the Medical Council considers it fair and expedient to do so, consent to —

- (a) the subsequent amendment, withdrawal, substitution or amalgamation by the Disciplinary Tribunal of one or more charges against the practitioner; or
- (b) the taking into consideration of one or more charges by the Disciplinary Tribunal for the purposes of exercising the powers of the Disciplinary Tribunal under section 53(2) of the Act.

(2) The Medical Council may appoint a committee to exercise the powers and functions of the Medical Council under paragraph (1).

(3) The number and terms of office of the members of a committee appointed under paragraph (2), and the number of those members necessary to form a quorum, shall be fixed by the Medical Council at the time of the appointment of the committee.

---

---

**Conduct of inquiry**

**34.**—(1) At the inquiry, the case against the practitioner may be presented by the Council’s solicitor.

(2) The practitioner may appear in person or be represented by counsel.

(3) Where neither the practitioner nor his counsel is present, the Disciplinary Tribunal may proceed with the inquiry if it is satisfied that regulation 27 has been complied with.

(4) The Disciplinary Tribunal shall adopt the following procedure for holding its inquiry, but may make such variations or modifications as it thinks fit in any particular case:

- (a) the charge or charges shall first be read out to the practitioner;
- (b) the practitioner or his counsel may object to any charge on a point of law, and if any such objection is upheld, no further proceedings shall be taken on the charge to which the objection relates;
- (c) the Council’s solicitor shall present the facts on which the complaint is based, and adduce evidence of the facts alleged in the charge or charges;
- (d) the practitioner or his counsel may adduce evidence to substantiate his defence;
- (e) both the Council’s solicitor and the practitioner or his counsel may cross-examine witnesses of the other party after the evidence-in-chief has been completed, and each party may re-examine their witnesses after the cross-examination;
- (f) at the close of his case, the practitioner or his counsel may address the Disciplinary Tribunal; and
- (g) the Council’s solicitor will make his closing address.

(5) Where at any point in the proceedings the Disciplinary Tribunal determines that the evidence brought forward is insufficient or there is no evidence to substantiate any charge or all of the charges, the Disciplinary Tribunal shall discontinue further proceedings on the charge or charges.

---

---

(6) If the Disciplinary Tribunal is satisfied that the practitioner or his counsel is hampering or attempting to hamper the progress of the inquiry, the chairman of the Disciplinary Tribunal shall administer a warning to the practitioner and, where appropriate, his counsel.

(7) If after such warning the Disciplinary Tribunal is satisfied that the warning is being disregarded, the Disciplinary Tribunal shall make a written note of this and shall proceed with and complete the inquiry in any manner which it thinks fit.

(8) The inquiry by the Disciplinary Tribunal shall be held in private.

### **Disciplinary Tribunal may alter charge or frame new charge**

**35.—**(1) A Disciplinary Tribunal may alter a charge or frame a new charge, whether in substitution for or in addition to an existing charge, at any time before it makes a finding under section 53 of the Act.

(2) An altered charge or a new charge must be read and explained to the practitioner.

(3) If a charge is altered or a new charge is framed under paragraph (1), the Disciplinary Tribunal must immediately call on the practitioner to enter his plea and to state whether he is ready for the inquiry to proceed on the altered or new charge.

(4) If the practitioner declares that he is not ready for the inquiry to proceed on the altered or new charge, the Disciplinary Tribunal must duly consider any reason he gives.

(5) Notwithstanding paragraph (4), if the Disciplinary Tribunal thinks that proceeding immediately with the inquiry is unlikely to prejudice the practitioner's defence or the conduct of the case by the Council's solicitor, then the Disciplinary Tribunal may proceed with the inquiry.

(6) If, after considering any reason given by the practitioner under paragraph (4), the Disciplinary Tribunal thinks that proceeding immediately with the inquiry is likely to prejudice the practitioner's defence or the conduct of the case by the Council's solicitor, then the Disciplinary Tribunal may direct a new inquiry or adjourn the inquiry for as long as it thinks necessary.

---

---

(7) If a charge is altered or a new charge is framed by the Disciplinary Tribunal after the start of an inquiry, the Council's solicitor and the practitioner must, on application to the Disciplinary Tribunal by either party, be allowed to recall or re-summon and examine any witness who may have been examined, with respect to the altered or new charge only, unless the Disciplinary Tribunal thinks that the application is frivolous or vexatious, or is otherwise an abuse of process.

### **Joining of similar disciplinary offences and inquiry for more than one disciplinary offence**

**36.**—(1) When a practitioner is alleged to have committed 2 or more disciplinary offences, a single inquiry into any number of those disciplinary offences may be held if the disciplinary offences form or are a part of a series of disciplinary offences of the same or a similar character.

(2) If, in one series of acts or omissions so connected as to form the same transaction, 2 or more disciplinary offences are committed by the same practitioner, then a single inquiry into every such disciplinary offence may be held.

### **Inquiries against 2 or more practitioners**

**37.** A joint inquiry or separate inquiries may be held against —

- (a) 2 or more practitioners alleged to have committed the same disciplinary offence in the same transaction;
- (b) 2 or more practitioners alleged to have committed different disciplinary offences in the same transaction;
- (c) 2 or more practitioners alleged to have committed 2 or more disciplinary offences which form or are a part of a series of disciplinary offences of the same or a similar character;
- (d) 2 or more practitioners alleged to have committed 2 or more disciplinary offences, if all of those offences arise from the same series of acts or omissions, whether or not they form the same transaction; or

- (e) one or more practitioners alleged to have committed a disciplinary offence and one or more practitioners alleged to have abetted or attempted to commit that disciplinary offence.

### **Single or joint inquiries with consent**

**38.**—(1) A Disciplinary Tribunal may inquire into 2 or more disciplinary offences together at a single inquiry or order a joint inquiry, notwithstanding that it cannot do so by virtue of regulation 36 or 37, if —

- (a) in a case where a practitioner is charged with 2 or more disciplinary offences, the Medical Council and the practitioner consent to have all such disciplinary offences dealt with at the same inquiry; or
- (b) in a case where 2 or more practitioners are charged with separate disciplinary offences, the Medical Council and all such practitioners consent to a joint inquiry.

(2) Notwithstanding paragraph (1), the Disciplinary Tribunal shall not hold a single or joint inquiry in relation to a practitioner who had earlier given consent under that paragraph, if —

- (a) at the time when the consent was given, the practitioner was not represented by counsel; and
- (b) at the time of the inquiry, that practitioner objects to the Disciplinary Tribunal holding the single or joint inquiry.

### **Separate inquiry where practitioner is prejudiced**

**39.** Notwithstanding any other provision in these Regulations, a Disciplinary Tribunal may order, before or at any stage of an inquiry in relation to a practitioner, that a separate inquiry be held into one or more disciplinary offences alleged to have been committed by the practitioner, if the Disciplinary Tribunal is of the view that the practitioner may be prejudiced or embarrassed in his defence because —

- (a) a single inquiry is being held into more than one disciplinary offence under regulation 36 or 38(1)(a); or

- (b) a joint inquiry is being held under regulation 37 or 38(1)(b) against the practitioner together with one or more other practitioners.

### **Findings of Disciplinary Tribunal**

**40.**—(1) After the closing address by the Council’s solicitor, the Disciplinary Tribunal shall inform the parties of its findings in relation to the facts of the case either immediately or on a subsequent date of which reasonable notice shall be given to the parties.

(2) If the Disciplinary Tribunal is satisfied that the charge or any of the charges made against the practitioner have been proved, the Disciplinary Tribunal shall invite the practitioner or his counsel to address the Disciplinary Tribunal by way of mitigation and, after hearing such address, if any, proceed to exercise the powers referred to in section 53(2) of the Act.

### **Outstanding charges**

**41.**—(1) Where a Disciplinary Tribunal makes a finding under section 53(1) of the Act against a practitioner in respect of a disciplinary offence, the Disciplinary Tribunal, in exercising its powers under section 53(2) of the Act, may, with the consent of the Medical Council and the practitioner, take into consideration any other outstanding disciplinary offences that the practitioner admits to have committed.

(2) After the Disciplinary Tribunal has exercised its powers under section 53(2) of the Act, no disciplinary action shall, unless the findings of the Disciplinary Tribunal in respect of the original disciplinary offence referred to in paragraph (1) are set aside, be taken against the practitioner in respect of any such other disciplinary offences that the Disciplinary Tribunal had taken into consideration under this regulation.

### **Publication of outcome of inquiry**

**42.** The Disciplinary Tribunal may, in its discretion, publish an account of the inquiry and its findings and may cause the dean, the secretary or any other proper officer of any university from which the

---

---

practitioner had received his degree or qualification to be informed of the removal of his name from any register.

### **Transcript of notes of inquiry**

**43.** Upon the application of any interested party and payment of the prescribed fee, the Medical Council may furnish that party with a transcript of the inquiry or a copy of any document tendered at the inquiry.

### **Documents before Disciplinary Tribunal**

**44.—(1)** The Disciplinary Tribunal may, at any stage in the proceedings, refer to any written statement or medical reference material, notwithstanding that its author or, in the case of medical reference material, a medical expert may not be called, if —

- (a) the practitioner consents; or
- (b) after consultation with the legal assessor, the Disciplinary Tribunal is satisfied that the reception of the written statement or medical reference material is desirable to enable the Disciplinary Tribunal to perform its duty or discharge its functions.

(2) A copy of the written statement or medical reference material referred to in paragraph (1) shall be made available to the practitioner at the inquiry.

(3) Where, notwithstanding that any written statement or medical reference material has been referred to by the Disciplinary Tribunal under paragraph (1), the Disciplinary Tribunal is of the opinion that it should be supplemented by oral testimony —

- (a) the Disciplinary Tribunal may request that the author or, in the case of medical reference material, a medical expert be called as a witness and adjourn the hearing for the purpose; and
- (b) on subsequently resuming the hearing, unless the author or medical expert, as the case may be, gives oral evidence, the Disciplinary Tribunal shall be entitled to disregard the written statement or medical reference material.

---

---

**Resumed hearing**

**45.**—(1) If, in any case where the Disciplinary Tribunal has adjourned the case or postponed its finding, it appears to the chairman of the Disciplinary Tribunal that the Disciplinary Tribunal should resume consideration of the case, the chairman of the Disciplinary Tribunal shall notify the Council’s solicitor and the practitioner or his counsel of the date, time and place where the Disciplinary Tribunal will meet to resume its consideration of the case.

(2) Without prejudice to the generality of paragraph (1), where a Disciplinary Tribunal has imposed any condition or restriction under section 53(2)(d) or 54(2) of the Act and information is subsequently received that the practitioner is in a material respect not complying with the condition or restriction —

- (a) the Disciplinary Tribunal or any Disciplinary Tribunal appointed in its place may meet to consider the case; and
