(b) a person who has the use or control of the vehicle under a credit agreement, hiring agreement, hire-purchase agreement or leasing arrangement,

but does not include the driver of a vehicle when the driver has been provided as part of a hiring agreement for the vehicle;

“wheel loader” means an engineering vehicle that has a front attachment connected to the end of 2 booms which can be used to scoop up material such as but not limited to dirt, sand or gravel, and to move such material from one place to another.

(2) Any provision of these Rules containing any prohibition or restriction relating to the driving, moving or stopping of a vehicle, or to its remaining at rest, shall be construed as a provision that no person shall use an expressway by driving, moving or stopping the vehicle or by causing or permitting it to be driven or moved, or to stop or remain at rest, in contravention of that prohibition or restriction.

Use of expressway by excluded vehicles

3.—(1) Except as otherwise provided by these Rules, no person shall use any excluded vehicle, or cause or permit any excluded vehicle to be used, on any part of an expressway.

(2) The Authority may, if it thinks fit, grant a permit authorising an excluded vehicle to be used on an expressway —

- (a) for the maintenance, repair, improvement, cleaning or clearance of any part of the expressway;
- (b) for the erection, laying, maintenance, alteration or removal of any structure, works, apparatus or any other thing on, under or over any part of the expressway; or
- (c) for the purpose of enabling the excluded vehicle to cross an expressway or to secure access to any premises abutting on or adjacent to the expressway.

(3) Where by reason of any emergency the use of any road (not being an expressway) by any excluded vehicle is rendered impossible or unsuitable, the Authority may —

- (a) grant a permit authorising the excluded vehicle to be used on an expressway or any part thereof as an alternative road for the period during which the use of the road by the excluded vehicle continues to be impossible or unsuitable; and
- (b) relax any prohibition or restriction imposed by these Rules in so far as the Authority considers necessary to do so in connection with the use of the expressway or any part thereof by any excluded vehicle in pursuance of any permit granted under this rule.

Application for permit

4.—(1) The owner or driver of an excluded vehicle may apply to the Authority for a permit authorising the excluded vehicle to be used on an expressway or any part thereof.

-
-
- (2) An application under paragraph (1) shall —
- (a) be made to the Authority —
 - (i) in the appropriate form set out on the Authority's Internet website at <http://www.onemotoring.com.sg> or in such other manner as the Authority may allow in any particular case; and
 - (ii) not less than 3 working days before the excluded vehicle is used on any expressway; and
 - (b) be accompanied by the following:
 - (i) an indemnity in the appropriate form set out on the Authority's Internet website at <http://www.onemotoring.com.sg> indemnifying the Authority against any damage to the expressway and all other claims and liabilities in respect of any death, injury, damage or loss which may be suffered by any person by reason of the use of the excluded vehicle on the expressway; and
 - (ii) such documents as the Authority may require in support of the application.
- (3) In granting a permit, the Authority may impose such conditions as it thinks fit relating to —

inspection the permit granted by the Authority authorising the excluded vehicle to be used on the expressway or any part thereof.

(5) The Authority may, in its discretion, require that any excluded vehicle in respect of which an application for a permit has been made be produced for inspection at an inspection centre or at a location determined by the Authority.

Refusal to grant or revocation of permit

5.—(1) The Authority may refuse to grant a permit to an applicant if the Authority is of the opinion that —

- (a) the applicant is not a fit or proper person to be granted a permit;
- (b) the excluded vehicle in respect of which the application is made is unsuitable for use on any expressway; or
- (c) it is not in the public interest to allow the use of the excluded vehicle in respect of which the application is made on any expressway.

(2) The Authority may revoke a permit if —

- (a) the Authority has reason to believe that the grant of the permit had been obtained by fraud or misrepresentation;
- (b) the Authority is of the opinion that the person to whom the permit has been granted is no longer a fit or proper person to be allowed to hold the permit or to use the excluded vehicle on an expressway;
- (c) the Authority is satisfied that there has been a breach of any condition subject to which the permit was granted;
- (d) the Authority has reason to believe that the excluded vehicle has been used for an unlawful purpose or in an unlawful manner; or
- (e) the Authority is of the opinion that it is in the public interest to do so.

Exceptions
