THIRD SCHEDULE — *continued*

24. State the risks specific to the Scheme. For this purpose —

- (a) describe and explain any major risk peculiar to the Scheme, including any risk arising from the markets, countries or sectors in which the Scheme invests:

A number of the currencies of developing countries have experienced significant declines against the US Dollar and Singapore Dollar in recent years and depreciation may occur after the investment in these currencies by the scheme. The value of the assets of the scheme as measured in Singapore dollars would be affected unfavourably by any such depreciation, if and when they occur.”;

Example 2: “The economic prospects of healthcare industries are generally subject to greater influences from governmental policies and regulations than those of other industries. A substantial portion of healthcare services and related scientific research is funded or subsidised by government, and changes in governmental policies, such as reductions in the funding by third-party payment programs, may have a material effect on the demand for products and services of these industries. Regulatory approvals, which may often entail lengthy application and testing procedures, are generally required before new drugs and certain medical devices and procedures may be introduced.”;

- (b) where the Scheme has any investment(s) that are not denominated in the same currency as the units in the Scheme, disclose whether the Manager intends to hedge the foreign currency exposure and, if so, how it will do so (e.g. whether an active or passive hedging policy will be adopted);

[S 170/2020 wef 16/03/2020]

THIRD SCHEDULE — *continued*

- (e) where the Scheme is a sub-fund of an umbrella VCC, state the risk that section 29 of the Variable Capital Companies Act 2018 (which provides that the assets of a sub-fund cannot be used to discharge the liabilities of any other sub-fund or the umbrella VCC itself and that any liability of a sub-fund must be discharged solely out of the assets of the sub-fund including in its winding up) may not be applied in any legal or other proceedings before a court or other tribunal of a foreign country.

If you buy after x p.m., the price you pay will be based on the net asset value at the close of the next business day.”

If you sell after x p.m., you will be paid a price based on the net asset value at the close of the next business day."
